VOL. 76 NO. 8 CANYON, TEXAS THURSDAY, JUNE 8, 1972 14 PAGES 10 CENTS

Wheat harvest is getting under way in dryland wheat across Randall County. This field of wheat is on a place being farmed by Jim Thomas about 4 miles west of Ralph Switch. The yields

are reported good with weights running about 60 pounds to the bushel and moisture content "reasonable."

Trustees Lease Farm

The lease of a 96.1 acre plot of land to be used as an agricultural farm was approved Monday night at a meeting of the Canyon Independent School District Board of Education.

Board member Tom Keeling,

who had done most of the work on obtaining the lease, said the land would be leased for \$600 per year on a 10 year lease with a five year option.

The land is owned by Mrs. Lillian Graham, a civics teacher at

Canyon High School.

Keeling said 92.8 acres of the land is used in cultivation, with 10.9 acres allotted for wheat, 46 acres for grain sorghum and 14 for barley.

He said the present yields are five bushels per acre on wheat, 21 bushels on grain sorghum and 14 on barley.

The property is located about 2 miles north of the school and is accessible by paved roadways.

Keeling said the crop yield is low because the land has not been tamed according to requirements and a little work should increase the yields.

He said he has already plowed

the land himself, and is planning to plant maize and maintain the property until the school agriculture department can take over.

Keeling said there is a good wind-mill at the north part of the property and he suggested that portion of the land be used for an animal farm.

The board suggested that Canyon area implement dealers might, as Keeling put it, "get some good advertising" by loaning a tractor to be used on the farm whenever there is a need for a tractor.

City Dads Table PRPC Water Plan

A request by the Panhandle Regional Planning Commission for Canyon City Commissioners to approve a resolution adopting a comprehensive water and sewer plan for 1990 was tabled at the regular commission meeting Monday night because commissioners have not been able to thoroughly study the plan.

The City Commission had contracted with the PRPC for the plan, but city manager George Louder said there have not been sufficient copies available to allow a complete study by the city fathers.

Larry Goodwin, a representative of the PRPC, and Gene Barber of Barber and Marrison, Consulting Engineers of Pampa, were present at the meeting in an effort to urge adoption of the approving resolution.

Goodwin told commissioners that the PRPC had approved the comprehensive plan for all the Panhandle at its May meeting, but, he said, PRPC as well as the United States Department of Housing and Urban Development would like individual cities to also adopt resolutions approving the plan.

Goodwin pointed out that the plan should be adopted as a functional guideline, and not as "hardened facts."

He said the functional plan is a step above a concept plan, but it allows cities to work out specific details such as placement of lines as those details are needed.

"What it means is that you get

a jump on the future before the future gets the jump on you," Goodwin said. "The plan can be updated as required."

Commissioner Jim Christopher, a member of the PRPC board of directors, explained that the plan "is doing work in advance, before it has to be done."

Goodwin said the plan calls for extending water and sewer service to take care of a projected 13,000 population by the year 1990. The total cost is projected at \$2,273,000.

He said Dalhart and Dumas have approved similar plans.

Goodwin said 20 copies of the plan would be provided to the city, to allow for additional study, and commissioners agreed to discuss the adoption of the approving resolution at the next meeting.

Also approved was a proposal allowing the city to guarantee one half of the 1972 paving assessment of \$940.50 on the property of Mr. and Mrs. Jerry Farr so as to complete the 9th Street assessment program.

Louder said some three blocks are involved and the city is unable to obtain an assessment lien because the property is a homestead.

Louder said that although Farr refused to sign the assessment agreement, he did agree to pay half the cost. The city manager told commissioners that Farr had said he could not afford the pavement assessment.

Although Commissioner Felix Pierce said he did not agree with the principle of the city's guarantee, he voted with other commissioners and unanimously approved the motion.

The commission also approved a specific use permit to be granted to Mrs. Ada Mae Townsend to use her residence at 2517 13th Ave. as a day-care nursery.

Louder said Mrs. Townsend (See CITY, Page 9)

WT Contracts Let

Costs \$4.818 Million

Construction will begin in about a week and a half on the new science building and library on the West Texas State University.

A \$4,818,000 contract for the two new buildings was approved Wednesday by the WTSU Board of Regents. Low bidder on the construction project was Reid Strickland Construction Co. of Amarillo.

Regent chairman Cloyce Box signed the contracts at the regular meeting in the WT Activities Center Wednesday afternoon.

The board also approved a motion to sell \$5 million in combined revenue use bonds to pay for the construction to the First National Bank of Dallas.

The bank bid a low 5.5728 per cent on the bonds.

Virgil Henson, university vice president for financial affairs, said the bid on the construction was slightly over the \$4.75 million budgeted for the project, but he added he was "very pleased" with the bids.

The total cost of the buildings, including equipment and architect fees, is \$6 million.

The three-story science building will have about 110,000 square feet of floorspace and will be located at the corner of 4th Avenue and 26th Street—at the site of the university-owned home of President Dr. James P. Cornette.

The two-story library will be located at the center of the campus. It will be stressed for the eventual addition of a third floor and will have a basement for

additional facilities. Occupancy of both buildings is expected late next year.

The regents approved the contract shortly before the open session began.

At the beginning of the open session, Box made a statement regarding the appearance of former WTSU security chief Bobby Hudson before the board in a closed session.

"Mr. Hudson requested nothing of the board," Box said. "He said he would like to discharge his responsibilities to the University before leaving, and he asked that his termination date be re-set. He did not ask us to take any action, and we did not take any action. He brought up some administrative irregularities the administration will probably want to look into."

Box declined further comment on Hudson's appearance.

The board also approved to

allow upperclasswomen to be exempted from curfew if their parents approve.

The matter of self-determined hours was advanced by the women students, and the hours would affect only sophomore and junior women who live in dormitories.

Dr. T. Paige Carruth, vice president of student affairs, told the board that a poll conducted by the Womens Residence Hall Council, showed 92 per cent of the 566 women residents were in favor of self-determined hours for sophomores and juniors.

"We aren't very fearful of muggings here," Carruth said, "but the women themselves insist that the dorms be locked at a certain hour. We would need security to let them in when they return."

Carruth said he had looked into the possibility that a work-study student could be used as a guard to admit girls to the dorms after they are locked.

"But," he said, "we have to pay for it, and this could get real complicated in a hurry. Think about trying to assess a fee on only 35 per cent of the women..."

"Why not charge them 50 cents to get back in?" board member T. Boone Pickens asked.

Board member Donald Curry, before the action was formally approved, asked Carruth to look into the possibility of funding security without assessing the students.

The curfew hours have been 11:30 p.m. Sunday through Thursday, and 1:30 a.m. Friday and Saturday.

The proposal would not affect freshmen students, and seniors and residents 21-years-old have been exempted from the curfew in the past.

Regents also imposed a \$5 assessment on each resident hall (See CONTRACTS, Page 9)

Bobby Hudson Says

Grand Jury Blocked

Deposed West Texas State University Security Chief Bobby Hudson said he told regents Wednesday that his efforts to gain grand jury investigation of certain discrepancies at the university had been repeatedly blocked over the past three years.

Hudson spent 45 minutes in an executive session behind locked doors.

At Hudson's request four university vice presidents were requested to leave the meeting room. Hudson reported that Dr. James P. Cornette, WTSU president, asked him not to discuss his report outside the room.

"I told the regents that my efforts to go to grand juries had been repeatedly blocked over the past three years and that I came to them with my report as a last obligation to the university," Hudson declared. "I made a full report on my last three years as head of the university security."

"I feel that I have fulfilled that obligation and now it is behind me."

"I felt that there were a number of things that needed to be brought to the board's attention. I did not go to the board with a request for reinstatement in my job."

Hudson said the board was "extremely nice" and was complimentary of the work he had done as security chief wishing him well in the future.

Members of the board as of late Wednesday had made no comment on whether it would look further into items in Hudson's report.

Hudson was asked to resign effective June 30 by Dr. T. Paige Carruth, vice president for student affairs.

Events leading to the request began to unfold last spring when The Prairie, WTSU student publication, alleged misconduct

on the part of WT Security Officer Kenneth L. Chambers and also accused Hudson of hushing up the incident and keeping Chambers on.

Hudson charged that The Prairie attack was leveled after a Prairie staffer was issued a

citation by Chambers for parking incorrectly on campus.

Chambers resigned early in April.

Hudson currently is on vacation and is scheduled to be dropped from the university payroll June 30.

Voting Charge Filed Against Amarillo Man

A charge of participating in a primary election of more than one party was filed Tuesday against Roy Pendergraft of 3806 Lewis Lane in Amarillo.

The charge, a major misdemeanor, was filed in Randall County Court.

Pendergraft is charged with voting in the Republican primary in May and the Democratic run-off in June, according to George Dowlen, district attorney.

Pendergraft is expected to be arraigned on the charge today.

The charge carries a \$100 to a \$500 fine, Dowlen said.

Pendergraft apparently voted in both primaries knowingly and willingly and was aware of the consequences of what he was doing. "Occasionally, we have some-

one who will do the same thing innocently, not realizing there is anything illegal with what they have done but this doesn't seem to be the case here," Dowlen stated.

Chamber Plans Annual Canyon Days Activities

The Canyon Chamber of Commerce is finalizing plans for the Canyon Days celebration July 3 through July 8, according to reports made at the chamber meeting Monday.

Cary Magness, chairman of the July 4 activities, reported the watermelon feed is scheduled for 8 p.m. followed by a fire works display at 9:45 p.m. in Conner Park.

The parade is set for 10:30 a.m. July 8 and Ken Thompson reported a large number of entries with entries still coming in.

The parade will end at Conner Park where skydivers will dive into the park just before the barbeque. The barbeque will be served from noon until 1:30 p.m.

Ken Thompson is chairman of the parade and Eddie Holcomb is in charge of the barbeque, according to Roland Black, A.J. Luquette is also preparing the summer recreation activities for

the celebration.

Eddie Knowles said he was sending materials favorable to a western route for Interstate 27 to Congressman Graham Purcell who will present them to the Federal Highway Commission in Washington.

David West reported on a meeting of Canyon, Amarillo and Potter and Randall County officials on county zoning.

West told the chamber members plans were to have Representative Tom Christian and Senator Max Sherman introduce a bill into the legislature to allow zoning in Potter and Randall Counties.

Black said the bills are being prepared at the present time.

Present at the zoning meeting were representative of the Canyon and Amarillo city commissions, the Canyon and Amarillo Chamber of Commerce and the Potter and Randall County Commissions.

Two Charged In Rape Case

Two youths were arraigned Monday on charges of rape by force after they allegedly attacked a 19-year-old Amarillo girl on Rockwell Road, north of Canyon.

Robert Sena, 17 of 1104 N. Harrison in Amarillo and Jimmy Gonzales, 19, of Box 654, Ft. Sumner, New Mexico, were arraigned before Justice of the Peace W. W. Hancock and bond was set for each at \$5,000.

Richard Dambold, former Randall County assistant district attorney, is representing the two men. The arraignment was postponed Monday morning so Sena and Gonzales could retain an attorney.

The offense allegedly occurred about 3:30 a.m. Sunday, according to District Attorney George Dowlen.

The girl stated she was trying to hitchhike to Austin when the two defendants allegedly offered her ride to Lubbock, Dowlen said.

FROM THE

CANYON RIM

Opponents of capital punishment take note.

Billy Croft, a 30-year-old, hardened ex-convict was given 99 years at Dimmitt recently for his role in the Jan. 14, 1971 killing of Mrs. Lillian Kessler, 79, of Tulia.

Bad boy Billy pled his innocence before the Castro County jury but that wasn't the story he told fellow inmates in Randall County jail where he was held for safe keeping before the trial.

Mrs. Kessler was shot once in the stomach and once in the head with a shotgun at her isolated rural home.

"I shot the old lady in the stomach," Croft was quoted by a cell mate as having bragged while standing bare chested on top of a table in Randall County jail.

Croft was reported to have told fellow inmates that "the old lady was on her knees with her social security check in her hand" and had offered to endorse it over to

him if he wouldn't hurt her.

Croft was quoted as having said he silenced her pleas with a shotgun blast in the stomach. One of his two partners then "blowed her head off" with another blast to the head.

"If I had known he said this I could have gotten him the death penalty," commented Tom Hamilton, the district attorney who prosecuted Croft.

Angela Davis is free.

She was acquitted by a jury, all but three members of which celebrated with her at an African rock music party afterward. In my opinion this was misconduct, if not legally misconduct at least in extremely poor taste.

A communist, she then spat on the country that gave her a trial and afforded her an acquittal.

Superior Court Judge Harold Haley was hauled from his courtroom and murdered. Four guns found in the escape van were registered to Miss Davis.

Miss Davis is free.....thus did jury decree.

Judge Haley is dead....and in Biblical phraseology, 'his blood cries out from the ground.'

Former senator Ralph Yarborough took a sound shellacking from Barefoot Sanders Saturday and probably ended his political career.

In 1970 Yarborough blamed Republican crossovers with his defeat at the hands of Lloyd Bentsen.

He accused several county chairmen of cheating on the vote count in the first primary and forcing him into a runoff with Sanders.

I wonder who he'll blame this time.

As a matter of fact, in his long public career Yarborough never won a major election except by fluke.

He got in the Senate in a winner take all special election to fill the unexpired term of Price Daniel who had just defeated him in a bid for governor.

Yarborough had run repeatedly without success for governor.

Then in 1964, Joe Killgore would have taken him on but for the fact that Lyndon Johnson running for President forbade Killgore to run. Johnson cringed at the thought of losing Texas and he feared a split in the Democratic Party if one of his circle ran against liberal Ralph Yarborough.

Yarborough met his first real Senate contest in 1970 and was defeated. He accused big city Republicans of crossing over and laying him low but this was not the case.

I did a county by county analysis of 1970 election returns and it was the rural counties, the hinterland which laid Ralph low.

Since Yarborough will be 73 when the next Senatorial election is held in Texas, it is doubtful that he will make another race.

Let me say this in farewell to Ralph Yarborough. His political faults were many but he also had some great virtues. I never wrote him a letter that did not receive a reply. I never made a telephone call to him that he did not return.

I never asked his assistance with a problem that I did not feel he did his best to fill the request.

A note to John Connally watchers:

John Connally has been careful not to stray too far from the Texas Democratic Party.

Almost any candidate in the running for the Democratic nomination for President will be unacceptable to Connally and his followers.

I see him in a role as leader of Texas Democrats for Richard

Nixon this fall.

Next January he is likely to emerge as Nixon's secretary of state. As secretary of the treasury he has already tried his hand at negotiating with foreign diplomats and there is every indication that he did well and that he liked it.

John is likely to be skipping the next few family reunions.

He flatly refused to come to Texas and campaign for brother Wayne for the post of lieutenant governor.

Bill Murren Quits WTSU Cage Post

Bill Murren, who has been at West Texas State University for two years, has resigned as assistant basketball coach, effective July 15.

Murren came to West Texas State two years ago as a graduate assistant coach, in charge of the freshman basketball team. He was the full-time assistant basketball coach this past season.

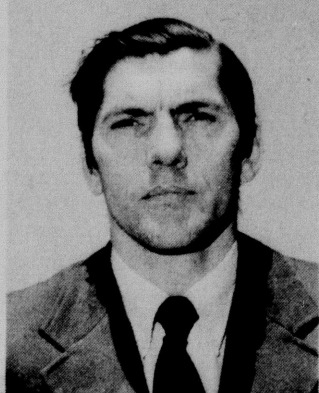

Murren said he resigned for several reasons, but all of them were personal.

Head basketball coach Dennis Walling praised Murren's efforts at West Texas State. Walling said he will name a replacement within the near future.

Murren scored over 1,000 points in two seasons at Decatur Baptist Junior College while playing for Walling. He was a Junior College All-American during the 1961-62 season.

From 1962 through 1964 Murren played guard for the Texas Tech Red Raiders and averaged 10 points per game over the two-year span.

Prior to moving to West Texas State Murren was head basketball coach for three years at Lubbock Coronado High School.

Williams Takes Hunsley Tourney

Ray Williams of Amarillo won a playoff on the third hole Sunday to capture the championship flight crown in the 36-hole Hunsley Hills Invitational Golf Tournament.

Williams had tied with Mickey Daughtery of Canyon with a score of 146 for the two-day play.

Bob Henry placed third with a 148; Tommy Rose fourth with 150; Joe Bob Brown fifth with 151; Frank Castleberry sixth with 154; and Johnny Goodwin seventh with 156.

There was a three-way tie for third place in the first flight. Monte Townsend, Sam Weaver and Jerry Jacobs all posted 155 scores.

Student Becomes First To Graduate

Irma Quezada of Levelland, an Upward Bound student at West Texas State University, was the first in her family to graduate from college.

And she may have started something. There are 17 in the Quezada family.

Irma now has a brother who is on the dean's list at Baylor University and two sisters who are a freshman and a sophomore in college.

Irma is teaching social studies with the Upward Bound program at WTSU this summer and has accepted a position with the Lubbock School system this fall.

She is interested in teaching children with language and learning disabilities. Irma said she believed she would not be a college graduate if it weren't for the Upward Bound program.

"I was like a lot of kids who at the end of high school think they've got it made," she declared.

The Upward Bound program at WT is full for the summer with 50 students from Hereford, Friona, Tulia, Kress and Amarillo enrolled.

Fifteen of the students are in their first semester of college work, bridge students, under the tutelage of Upward Bound and the other 35 students are from high schools receiving enrichment in math, reading, social studies, arts and crafts, psychology and selected recreation.

R.C. Scott, Jr., director, said teachers in the program worked with students through their

sophomore year in college and then let them go on their own.

"We try to keep them motivated and interested in school," he said.

Scott said the program was successful last year with 80 percent of the bridge students. The students enrolled in the program are the students who would not have been likely to attend college, he said.

Psychology was included in the program this year because so many of the students had negative attitudes. "We want to teach them they can do anything they want to do," he stressed.

He said the workers in the program also have to convince the parents and public of the validity of the program.

"Now the talent that was once wasted can be salvaged by the program. Scott said reading was stressed more than any other subject in the program.

"We have found that any youngster who can read can survive," Scott stated.

NEEDLEPOINT TAKES ON A NEW DIMENSION when designed around a real spider or butterfly, that has been preserved then mounted on the artistic piece.

One Midland woman sells her interesting art through Neiman Marcus and a summer show is in the offing. A small wallpiece sells for \$50; bigger ones cost more according to their size and work involved.

Some of the crewel embroidery takes the form of an array of garden flowers flocked with beautiful butterflies. Another might be a large web with a real spider mounted at an interesting spot.

Imagination, as in all art forms, is the key here. The insect, to be mounted, should be spread and pinned in whatever manner you wish to a special pinning board and left to dry. (Insect pins from the hobby shop are best). Vary their positions if you are using more than one on a decor piece. After the butterfly (or whatever) is dry, pin it very "carefully" to accent your embroidery with the insect pins. This is finally placed in a shadow box with the glass an inch or more away from the finished scene.

WTSU professors Dr. Derl Brook and Dr. Charles Smith were the research sources on mounting the insects. Dr. Brook has a tremendous collection of insects and displays them to his students along with the university collection during the school term.

Dr. Charles Smith noted that spiders are somewhat inconsiderate about keeping their shape during the drying and tend to shrivel up. In this case, try, try again, or use something else—beetle, praying mantis, or whatever.

FOR YOUR NEXT BRIDAL SHOWER take all the package bows and a paper plate. Streamers are pushed through holes made at different places in the plate with the bows remaining at the front of the plate.

When finished the "Bow Bouquet" is lovely to place in the bride's hands for the final shower picture. When the bows are different colors the effect is truly beautiful and the multi-colored streamers drop from the bouquet in rainbow fashion.

DOROTHY NEBLETT has just recently returned from a trip through Europe. The travelers stopped in London, Stratford-on-Avon, Brussels, Germany, Vienna, Venice, and Paris. It was an enjoyable trip, I'm sure.

FOR THE YOUNGER SET buy a half a dozen moth balls and let them draw faces on them. Take a tall glass and add colored water (for the ocean) until 1 inch from the top. (A brandy snifter would be party pretty). Add 1 T. of white vinegar to the water and ½ tsp. baking soda (to make a fizz). Drop the Pearl Divers (moth balls) into the prepared water.

Teacher Exam Set July 15

Prospective teachers planning to take the National Teacher Examinations at West Texas State University July 15 have until June 22 to submit their registrations.

Information describing registration procedures and application forms may be obtained from the WTSU Testing and Counseling Center.

Registration fee for both parts of the exams—Common and Teaching Area—\$15. Fee for the Common Examinations only is \$10 and for the Teaching Area only is \$9. Registrations received after the June 22 deadline but before June 29 must include a \$3 late fee.

Results of the National Teacher Examinations are used by many large school districts in the selection of new teachers and by several states, including Texas, for certification of teachers, said Dr. Kenneth Waugh, director of the Testing and Counseling Center.

Boys Attend Co-op Camp

James Berry, son of Mr. and Mrs. James E. Berry, Route 2, and Raymond Hunter, son of Mr. and Mrs. Tommy Hunter, Route 2, last week attended the annual CO-OP Youth Leadership Camp on the campus of William Jewell College in Liberty, Mo.

They were among some 800 outstanding rural youth who attended the camp's four sessions scheduled between May 31 and July 1. They were sponsored by a Canyon Co-op, Consumers Fuel Assn. & Elevator.

The camp program is designed to develop leadership abilities, to teach good citizenship, to increase understanding of farmer cooperatives, and to provide plenty of fun.

Farmland Industries sponsors this event, and a tour of their facilities in the Kansas City area was part of the program. Camp activities for six days, May 31-June 5, ranged from athletics to group discussions and participation in planning sessions.

Halls Catch Fish—Hinds Remodel

By MARY JO GRIFFIN

WITH SCHOOL VACATION only two weeks in progress, things are surely busy! But I'm enjoying each day of it. Just a few more days left until summer officially begins and the spring house cleaning hasn't even begun in our house. If we wait we can really do it up good this fall. We've been in vacation Bible School this week, and have been learning quite a bit. One little girl even wants to keep having it all summer. With squeezing so many things into summer, we are kept so busy.

SINCE THE CANYON Municipal Swimming Pool has been open we've had a lot of Sherman Acres kids there. They surely have a great time at the pool.

RANDY HALL ATTENDED the 7th Annual Amarillo Youth Citizenship Seminar last week at the Episcopal Conference Center north of Amarillo. He really enjoyed it and said it was so very worthwhile.

HAPPY WEDDING ANNIVERSARY wishes this coming Monday, June 12, to Mr. and Mrs. Don Cartwright on Rosemary Street. Have a happy day, Don and Jeane!

TODD ANDERSON WAS telling me about going fishing over the weekend. The family went down to Vigo where James

helps an uncle farm. While they were there they went fishing and caught several. Kent, Batina and Julie were in on the fish catching too. They said they had some delicious eating.

MR. AND MRS. Herbert Hall and family used the long weekend recently to visit with friends and relatives. In Midland they visited with the B. J. Thompson family and in Andrews they visited with an aunt of Betty's and her grandmother, Mrs. Sadie Brumley whose home is in Shreveport, Louisiana. Then they came back through Lubbock and visited with Herb's brother

and family, Mr. and Mrs. J. T. Hall.

THE W. C. HINDS family are busy remodeling the house they moved out to the south west of us. It's going to be real nice and we'll be glad to have them in the neighborhood. They are doing most of the work themselves along with a real pretty garden out there.

I KNOW SO many of our neighbors had guests or went places this past week, but I didn't get around to talking to all of you. I'd certainly appreciate any calls next week telling about your happenings. Thank You, Mary Jo

Dodgers Topple Red Legs

The Canyon Major League Dodgers won two of three games last week to come out on top of first place Red Legs in league standings.

In a game played Saturday, the Dodgers defeated the Red Legs 22 to 9, with half the winning runs scored in the third inning.

The winning streak came a day after the Dodgers fell to the Yankees, 14 to 8.

After Saturday's defeat of the Red Legs, the Dodgers took to the field again on Monday and downed the Braves by a scanty 19 to 18.

The winning pitcher-catcher combination in the Dodgers' defeat of the Red Legs was Harrison and Nix. The losing combination was Camfield and Brown in three innings and Cranmer and Brown in two innings.

Harrison hit a two-run homer in the second inning to help the Dodgers in their bare defeat of the Braves.

In their last defeat Friday, the Dodgers succumbed to the Yankees doubles hit by Anderson, R. Haws, Kendrick and Perry.

Yankees, 31; Astros, 11

A 31 to 11 defeat Monday over the Astros Monday moved the Yankees out of the league cellar into third place.

Two doubles by Kendrick and four singles by R. Haws, coupled with three-base hits by Collins and Byrd and doubles by Haws and Higgins, helped dump the Astros, despite a three-run home hit in the second inning by Astro pitcher Dillehay.

Red Legs, 15; Astros, 4

The Astros also were defeated Friday as the Red Legs scored 14 runs in the first inning to come out with a final 15 to 4 victory.

The first inning was highlight for the Red Legs with a three-run homer by Cranmer. The Red Legs scored one other run in the second inning.

By the top of the fifth, the Astros had scored only twice, but a two-run homer by Kent doubled the score.

The winning pitcher-catcher combination was Bell and Brown, and the losing team was McLain and Kent.

Astros, 11; Braves, 7

The Astros did manage to sandwich in a victory in Saturday's play by toppling the Braves 11 to 7.

Doubles by Rudd, McLain and Cockrell assisted the victory.

Winning pitcher-catcher combo was Kent and Rudd, and the losing was Schmidt and F. Palmer.

Band Students Win Division 1 Awards

High school band soloists and ensemble members have returned from the State Solo and Ensemble contest at the University of Texas with the highest laurels, winning first division medals in every case.

They competed with topnotch instrumentalists from over the state who were already Division I winners, in Regional UIL Solo and Ensemble Contests. The state contest took place June 3 and 5.

Brad Garner received the special distinction of being named one of two outstanding flute players at the contest, after having earned a Division I award. He will be a junior next year and this is his third Division I medal.

Nancy King, a senior next year, won a Division I rating for clarinet solo. She also performed in the woodwind quintet. This occasion marked her third time as a Division I winner also.

Jane Taylor, a senior last year, won Division I in flute solo and also was a member of the woodwind quintet which won highest rating.

Other members of the woodwind quintet that received Division I honors were Jeff Shepic on oboe, graduating senior, Allen Beghtel on French horn, junior this past year, and Dan McGlasson on bassoon, junior next year.

Capers Have Guest Callers

The Canyon Capers square-danced Monday night at the West Texas Activity Center with guest callers LeRoy Pitt, Louis Thomas and Roger Thompson.

Randy Callison, of Houston, will call the next club dance on June 12.

The club voted to cancel the dance scheduled June 19. The Capers regularly dance every Monday night, 8-10:30, at the WT Activities Center.

Garden Club Has Picnic

The Canyon Garden Club held its annual picnic Thursday evening at the home of Mrs. A.K. Goodman, 2418 9th Ave.

Others who assisted Mrs. Goodman were Mr. and Mrs. K.E. Hines, Mr. and Mrs. M.S. Downing, Mr. and Mrs. Joe Frank, and Mrs. Ed Weeks.

Ladd Inks WTSU Cage Pact

Kent Ladd, an all-city basketball player from Amarillo Tascosa High School, has signed an athletic scholarship agreement with West Texas State University basketball coach Dennis Walling.

The 6-4, 190-pounder played guard and forward on the Tascosa Rebel team of coach David Camfield which was third in the District 3-AAAA race this past season.

Ladd averaged 8 points per game and 9 rebounds per game for the entire season, but his district averages were 10 points per game and 12 rebounds per outing.

"Kent improved with each game during the season," said Camfield. "He is as fine a defensive player as we have had at Tascosa in years. He always was assigned to the opposing team's leading scorer and usually held him below his average. He is quick as a cat for two or three steps."

The Tascosa coach said Ladd was a standout rebounder because of his strength and good timing.

"Kent has such a wide range of vision he can almost see in a complete circle," said his coach. "He handles the ball well under pressure and most of his shots came from the outside. He plays so hard, he hurts people without even knowing it."

Ladd's quickness have improved greatly during the past two years. A calcium deposit was removed from his hip between his sophomore and junior seasons. That deposit was the result of a junior high school injury.

For three years Ladd lettered on Tascosa's baseball team. He was a pitcher entirely for two seasons, but played first base this past season to take advantage of his heavy hitting and earned all-district honors at that position.

Following the operation on his hip, Ladd's basketball playing improved constantly. He started many games in his junior year and was a full-time starter as a senior.

The son of Mr. and Mrs. W. J. Ladd was named the outstanding overall boy graduate of Tascosa High School by a committee of teachers.

Gene Howe News

Workshops And Baseball Under Way

By TROYCE MULHERIN

NICE TO BE with you. THOSE OF US in the Gene Howe area send a heart-felt "Thank you" to Pauline Hefley in appreciation of the many hours of thought and time she put in on our behalf in writing this column. Her entertaining wit and genuine interest in the people in this area have contributed immeasurably to our reading pleasure, and we love you, Polle. One thing's for sure, she has a hard act to follow. Yours truly now knows how a second banana feels.

THOUGH THE SOUNDS of children's laughter and talk no longer ring through the halls at Gene Howe, our little school continues to be the site of much activity. Most of our teachers have been involved in special workshops this past week involving work in special areas. Teachers in grades first through third have been working in new reading and social studies areas and heard a consultant from Houghton-Mifflin reading series. A representative from Silver Burdett conducted workshops on Social Studies for teachers in grades first through sixth. Teachers involved in these workshops are Loy Bell, first grade; Pat Stevens, second

grade; Sandra Hicks, Nynvia Mills and Geraldine Woodward, third grade; Jerrie Langen, Gloria McGill and Rosemary Ramaekers, fourth grade; Cindy Capps, Gloria Taylor and Marion Shoemaker, fifth grade; Margie Phillips; and, of course, the chief, Luther Lawless. Sixth grade teachers are Marguerite Green, Suzella Parsons and Lee Smith.

ALTHOUGH OUR KIDDOS are enjoying a vacation, you can see our teachers are still hard at work. Most of our teachers are going to be "going to school" this summer furthering their education, and you-know-who will reap the benefits of these endeavors. Aren't we fortunate!

SUMMER SCHOOL WILL start June 5th with classes in LLD, Special Reading and New math, taught by Gaylia Cochran and Vondean McGregor. Mrs. Norma Lambert will teach the speech classes. All these classes are full, and these lucky little people will be dismissed July 14th.

MR. AND MRS. Larry Delaney recently took their youngsters to Jacksonville, Texas, to visit with the children's great Grandmother. Mrs. Delaney reported it has been about five years since they have seen her, and everyone enjoyed getting re-acquainted.

WE WISH A Happy anniversary to Mr. and Mrs.

Dewayne Howard on the first day of this month. Having a wedding to attend on that day, they waited until Saturday to celebrate. Hearing the vows again in someone else's favor, is worth putting off your personal celebration. Eh, what.

JOAN BURAL HAD a happy birthday on the first of this month, and we wish her many more.

BOB CURLEE is not telling how many candles will be on his birthday cake on the sixth. Incidentally, Bob and Carleen weren't having an end-of-school wiener roast this past week. All the smoke and fire came from his electrical equipment and Carleen's painting and craft supplies which went up in the flame when their building in the backyard burned. They have about got everything squared away now, and we have some of what to give them on their respective birthdays. Carleen's is on the 19th of this month.

TOW LOVELY LADIES from the Gene Howe area were recently elected to serve as officers for the town and country home demonstration club. Mrs. Bill (Sarah) Edwards will serve as president for a second term, and Mrs. E. R. (Melvena) Brown will serve as secretary. The members of this club are taking a summer respite from their endeavors, but will meet again in September. If anyone is interested in visiting with them, give either of the mentioned ladies a call, and they will contact you as to meeting time and place. They have lots of fun visiting and working on crafts

and welcome new faces and new talents.

SUMMERTIME FOR LITTLE boys and girls often means baseball, and Shannon Edwards, son of Mr. and Mrs. Bill Edwards, is no exception. His career might be short-lived, tho. Shannon is playing hardball for the Y.M.C.A., under the coaching of Wesley Bromley. Shannon had a wee bit of an accident during a game Saturday and after a visit to the dentist to see about his loosened teeth and a few stitches in his lip, his mommy and daddy are taking a wait-and-see attitude regarding his playing. Little things like not being able to eat hardly ever deter little boys, tho, and Shannon will probably be back on the field in no time.

MR. AND MRS. Dale Young were taking it easy on their anniversary on the third of this month. Mrs. Young's sister and brother-in-law, Gwyneth and Joyce Curtis of Vienna, have been visiting in the States, specifically, in the young home. The sisters have had an awful lot of talking and visiting to take care of and devoted themselves faithfully to these fun tasks. Mr. and Ms. Curtis took young Bryan Young to visit with his grandmother and grandfather, and he will be staying and working with them for a few weeks.

AFTER A WEEK or so of practice, the Kid's, Inc., baseball teams start league play this week. Jim Burgett is coaching the fifth grade boys; Mr. and Mrs. Mac Thrash are sharing the honor of coaching the fifth grade

girls; Herb McGregor coaches the sixth grade girls. George Schmidt and Kenneth Groat are patiently coaching the third and fourth grade girls, and Jerry Martindale will lead the third and fourth grade boys to the winner's circle. Richard Ives coaches the second grade boys, and Leonard Schmidt is in there teaching the first grade boys all he knows. Not going to name names, or anything, but your writer attended one game last week—first year these youngsters have played—played two innings—in two hours. Was a lot of fun and well worth the time. These coaches are having a lot of fun, and the kids are quite intent on doing their best. Summer fun.

SPEAKING OF SUMMER sun, have you mothers noticed how much talking and how much eating our youngsters are capable of in the summer. Whole new world.

JEANETTE HODGES AND Bill West were married in a lovely ceremony at the Hollywood Baptist Church Sunday, June 4th. Charming bridesmaids from the Gene Howe area were Diane Harp, Lanette Hodges and Donna Russell. We wish this young couple a happy and successful marriage.

FINAL PLANS ARE being made for adult tennis lessons to be held at the West Texas Courts, under the instruction of John Phillips. West Texas State Tennis coach. For a class fee of ten dollars, one hour sessions will be held for five lessons, starting Monday, June 12, through and including June 16. These classes will be limited to

ten people each. Those interested in partaking of this healthful and fun sport should call Pauline Hefley, leave your name and phone number, and she will furnish you with particulars as to time of lessons, etc. Pauline's

phone number is 352-2089; call after six p.m. why not go out and indulge in some physical fitness and a good tan all wrapped up in one package.

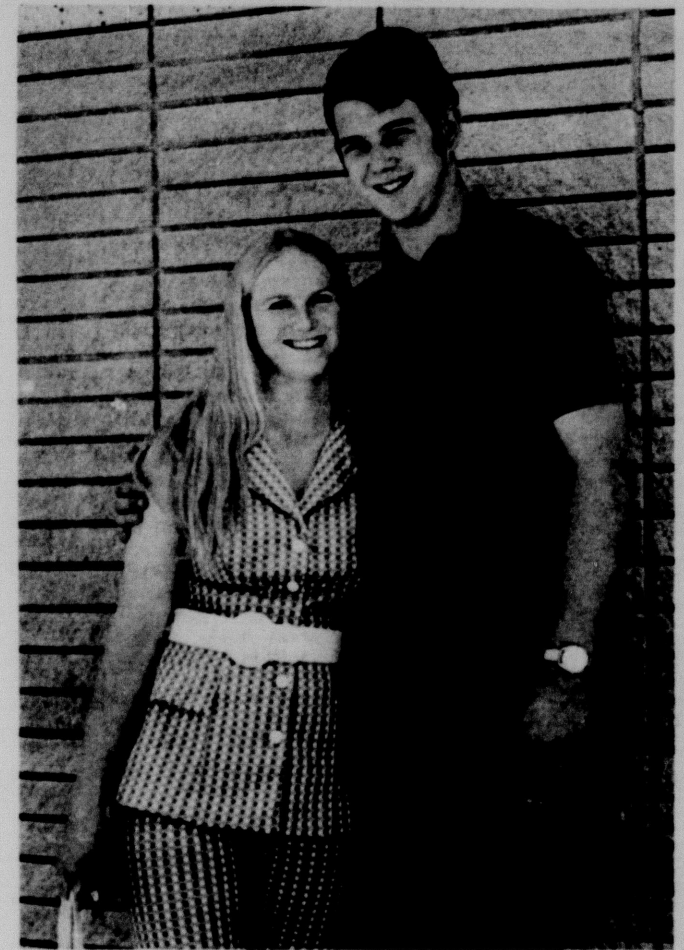

NOW, YALL DON'T be bashful—give me a ring with your

news. We all like to hear about other peoples' trips and parties and events of interest in our community.

THANKS FOR THE use of the hall. Troyce Mulherin

MR. AND MRS. DAVID GIDDEN

To Operate Mr. Burger

Giddens To Hawaii

BY BEN KECK

The honeymoon is over, but David Gidden and bride Linda are going to Hawaii anyway.

And David, former assistant manager of the Mr. Burger in Canyon, will manage the first Mr. Burger outlet on the Hawaiian Islands.

"It will be an experience," David said before he and Linda left Canyon on Monday. "If it works out, we can put in as many as 40 outlets on the Islands."

For David, the assignment is a head start to success. For Linda, it's a dream-come-true.

Gidden married the former Linda Turner on May 28 and the couple took a wedding trip to Colorado. They got back from the honeymoon a week ago today, and Linda immediately started packing for the trip.

"I've never been there before," said the excited bride, who was assistant manager of Canyon's 2-B Burger before she and David married.

The newly weds met about three years ago when David started work for Mr. Burger.

"I guess you can say we bumped into each other over the grill," Linda chuckled.

Linda is 20, and is a 1971 graduate of Canyon High School. She said she's been helping serve up hamburgers in Canyon for about seven years. Her parents are Mr. and Mrs. R.B. Turner of Route 2.

David is 18 and graduated this year. He is son of Mr. and Mrs. Joe Gidden of 1203 Hillcrest.

"I'll manage the place in Hawaii," David said. "She'll work for me on an hourly basis."

"I'm going to see the Islands first," Linda retorted.

Gidden said the Hawaiian Mr. Burger was opened about two months ago after the Pizza Hut Corp. bought Mr. Burger franchises. It is the only outlet on the Islands, but other large, nationwide hamburger chains have franchised outlets there, and Gid-

den says they are doing well. The couple will be based in Pearl City, near Honolulu, and the burger place will cater to service men and tourists. Gidden says if it works, an additional 40 more outlets are inevitable, and there is a possibility he may be promoted to supervise the majority of them.

The couple left Canyon early Monday morning and planned to tour New Mexico and Arizona before arriving by car in Los Angeles late today or early Friday.

They will fly to the Islands, leaving Los Angeles late Friday and, because of the International Dateline, will arrive Friday morning.

Gidden said they will spend two weeks touring the Islands before starting work. The situation inevitably prompted the question, "What does a gentleman say to a lady whom he meets over a hamburger grill?"

"Well, I eventually said, 'Will you marry me,'" David said.

"And I," Linda grinned, "said, 'Only if you take me to Hawaii.'"

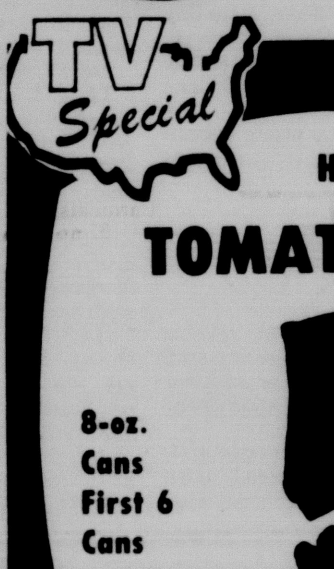

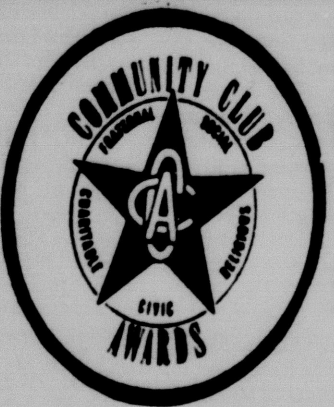

French fries, anyone? Aloha!

News Brief

Mr. and Mrs. E. E. Miller and son Kevin of 1218 2nd. Ave. were joined by Mr. and Mrs. Van Pennington and Mr. and Mrs. C. A. "Tige" Dodson for several days over the Memorial Day holidays for a trip to Lawton, Oklahoma. The three Canyon couples visited in the home of Sgt. and Mrs. James E. Miller and spent many hours fishing at local lakes in the Lawton area.

Joining the group were Mr. and Mrs. David B. Pond, of Yellville, Arkansas. Mrs. Pond is a daughter of the Millers. Kevin returned to Arkansas with the Pond family to spend several weeks this summer.

student-both in the men and women dorms—for a student entertainment card.

The card will admit the students to two major concerts and any additional concerts presented by the Student Activities Council Entertainment Committee.

Curry said he had some reservations when first approached on the entertainment assessment idea, but a poll of students living on campus showed 83 per cent favored the idea.

Students not holding the entertainment cards would be admitted to the concerts at much higher rates—usually \$4 per person.

Also approved at Wednesday's meeting were five new degrees in the School of Fine Arts and the School of Business.

The board authorized Dr. Cornette to submit the proposed new degrees to the Texas College Coordinating Board for final approval.

The new degrees include Bachelor of Music in Music Therapy, Bachelor of Business Education, Master of Music, Master of Professional Accounting, and Master of Business Education.

The board also directed the university administration to proceed with the Coordinating Board toward the establishment of a Department of Allied Health Sciences in the College of Arts and Sciences, and with changing the names of the Department of Government to the Department of Political Science and Department of Speech to Department of Speech and Theatre.

The board also authorized Cornette to investigate the potential and become affiliated

in self-supporting contractual relationships with private and governmental agencies.

"The future growth of West Texas State is dependent, in part, on the development of imaginative and progressive relationships with private institutions," Cornette told the regents. "Opportunities will arise for the university to furnish consultants and expertise in various developmental projects, both in this country and possibly abroad."

He said there is a possibility that the School of Agriculture could become associated with a private firm bidding for a contract with the Saudi Arabian government to develop certain agricultural enterprises.

He said WTSU also might align with the Southwest Alliance for Latin America in which 13 universities have "cooperatively developed a mechanism for significant and mutually rewarding involvement in hemispheric activities through contracts."

The board also approved the appointment of Dr. Horace H. Bailey, 37, as head of the Department of Biology.

Bailey succeeds Dr. Robert A. Wright, who has been acting department head the past year, and who will remain as associate professor of biology.

Bailey comes to WTSU after five years at Colorado State University and three years at the University of Oklahoma.

In a conversation that developed during the meeting, Box said there is "not enough interest" in the academic community to get facilities at the Nance Ranch in working shape.

"Interest would create more utilization," Box said after being told that Dr. Charles Smallwood, dean of the School of Agriculture, estimated \$150,000

to get the ranch in shape.

Henson told the board that he had surveyed the faculty and the general consensus was that improvements on the ranch were top priority.

Henson said he would prepare a detailed study of the ranch situation for the board.

In other action, the board: --Approved the sale several months ago of \$3,424.20 worth of obsolete and surplus items.

--Approved a \$4,000 contract with the Canyon News for printing the student newspaper, The Prairie, during the 1972-73 academic year.

--Approved a request to enter

equipment in that manner is being looked into by board member Ed Wiek.

Board chairman Dr. Dudley Moore told the board that it should look into a preventive maintenance program for school properties.

Moore made the statement after Ray Schutz presented a list of 41 maintenance items that he said need to be accomplished before school begins in the fall term.

Most of the items were such things as replacement of broken tiles, refinishing of desks and replacement of broken windows.

The board discussed Schutz' proposal to hire an additional maintenance man, and Dr. Moore told him to look into the prospects and report back at the next meeting.

Schutz also said there would be a possibility of saving money by budgeting money each year for a complete maintenance plan for an entire campus.

He said one campus could be painted and repaired each six to eight years, and constant preventive maintenance would cost less in the long run.

School Supt. Jerry Jacobs said he proposed a standardized color system on each campus or throughout the school system so that "we won't have to guess what color the wall is whenever the plaster needs patching."

The board also approved a high bid of \$1,005 by the Atchison, Topeka and Santa Fe Railway for a 1957 Ford school bus.

Last month, the board turned down several bids because none were high enough.

Other bids were Stanley Blaine of Amarillo, \$607; Open Door Baptist Church of Mesquite, \$500; and two bids from United Superior Sales, Inc. of Albuquerque, \$203 and \$167.

Jacobs said the \$167 bid was received in the mail from the company, and the \$203 bid was made on the phone later by a company spokesman.

The board set the next meeting for June 20.

considered the extension of accreditation as something of a reprieve for Neblett Hospital.

"If they dropped us we could expect medicare inspectors to come by," Grimes declared. He said if accreditation were lost the hospital would be in danger of losing medicare patients which amount to something like 20 percent of the hospital's patients and 30 percent of its revenue.

He said he believes the extension was given because the district is planning a new 50-bed hospital.

Tax bonds were voted last year with the district hoping to obtain matching funds from Hill-Burton. When these funds were not forthcoming the board decided to issue \$800,000 worth of revenue bonds to get money for construction of the hospital.

There has been some opposition to this route with talk of circulating a petition to force a vote on the revenue bonds.

check the amount of traffic on the road.

The court also discussed the need for a 100 foot right of way on roads close to the Amarillo city limits. Commissioner Glen Dowlen said he questioned the need for the wide right of way on roads which would one day be a city street.

Commissioners also discussed the possibility of approving the width of each road individually instead of having one uniform ruling.

Mrs. Frank Welch met with the court and requested the county build a road to her property in south Amarillo which is not now served by any road.

The property is in the city limits of Amarillo and commissioners said they felt they would be overstepping their authority by going into the city of Amarillo.

The court also said it would be difficult for them to use county equipment to build a private road which would be used by one family.

Judge Pond advised Mrs. Welch to discuss the road with the city of Amarillo. He said the county would cooperate in any way they could but they would have to have clearance from the city of Amarillo.

Judge Pond said state law requires governmental agencies to provide a person with access to their property.

--Set June 22 as the date of its next regular meeting and also set that date for a public hearing on a zone change request of A. L.

Crossland for 33.4 acres of property in the Hidden Valley addition.

The property is presently zoned SF-1, and is used as unplatted pastureland. Crossland is requesting the zoning be changed to SF-2, which would allow individual lots to be smaller.

Plans call for the land to be used for single family dwellings, and Crossland maintains that the 10,000 sq. ft. per lot requirement of the size of SF-1 zoned land "is a requirement that makes large lots priced out of the reach" of many prospective buyers.

The SF-2 designation would require that individual lots be only 7,000 sq. ft.

--Approved a request by Jerrell Corbitt that 9th Street from 3rd Avenue to 2nd Avenue be closed.

Louder said this would eliminate 150 feet of roadway that is very seldom used except by employees of the nearby Pioneer Natural Gas Co. plant. Pioneer's division engineer, Scott Smith, told the commission in a letter that such a closing was satisfactory with PNG.

--Voted to instruct the Planning and Zoning Commission to make a comprehensive review of the

city's requirements for off-street church parking.

The present ordinance was passed in 1968, but Louder said there is some doubt that the ordinance is feasible.

--Accepted bid on a new automobile to be used by the city code enforcement officer. Bids were Imperial Chevrolet Co., \$2,453.81; Stevenson Motor Co., \$2,519 for the vehicle with specifications as requested, and \$2,437 for a car with modified specifications; and Jess Ford Co., \$2,239.63.

The commission voted to postpone awarding of the bids until the June 22 meeting.

She got into the car and the two men allegedly began to molest her in the car and pulled off the Canyon Expressway near Rockwell Road where they pulled her out of the car by force and both men allegedly raped her, Dowlen declared.

The girl stated the men then left her on the road and when she was unable to flag down any cars she broke a window in a service station on the expressway and called the sheriff's office, Dowlen said.

Sena and Gonzales were arrested by Hereford City Police officers and returned to Canyon by a Randall County Sheriff's deputy.

The girl was examined at Neblett Clinic and Dr. Charles R. Nester confirmed she had sexual intercourse.

Softball Team Seeking Sponsor

The Canyon Girls Softball team, which played its first game Wednesday night, does not have a sponsor this year.

Coach Robert Quintanilla said the team is looking for someone to sponsor its games and help in sending team members to state competition two years in a row.

The first game was played against the Bonham Girls team at Fair Park in Amarillo at 8 p.m. Wednesday. Results were not available at press time.

Assisting Quintanilla in this year's coaching efforts is Chuck Taft.

Team mascot is "Uncle" Ed Morris, and the bat girl is Debbie Brantetter.

Team members are Georgia Brantetter, Rhonda Umberson, Serena Morris, Connie Davis, Penny Peckenpaugh, Virginia Brantetter, Zady Caldwell, Robbie Morris, Carla Swartzell, Alisla Nelson, Lynn Davis, Marilyn Read and Jo Anna Beagle.

Last year, the Veterans of Foreign Wars sponsored the team during regular season, and "the whole town of Canyon" sponsored the trip to state competition.

Anyone looking for a softball team to sponsor, may call Quintanilla at 655-3339.

Library Adds Morning Hours

The Canyon City Library will open from 10 a.m. to noon June through August as a convenience during the summer months, according to City Manager George Loudder.

The regular hours of 2 p.m. to 5:30 p.m. will continue, Loudder said.

The library will include morning hours to provide better service during the long day-time hours, Loudder added.

County Wheat Harvest Begins

Randall County farmers should be well into dry-land wheat harvest by the end of the week, says Randall County Agent John Brazzil.

Ed Flugel brought the first load of wheat to Consumers Fuel and Elevator Association Saturday from the R.G. Price Farm.

The yield was about 10 bushels to the acre and the wheat tested 60 pounds and was about 15 per cent moisture.

John Jennings brought the first load to Coop Elevator in Umbarger. It tested 60 and had a 13.3 moisture content.

Brazzil said this time of year was normal for the first load of wheat. The first wheat cut is usually dry-land wheat.

The irrigated wheat harvest should be under-way by June 15 and the dry-land wheat harvested by that time, Brazzil said.

"The dry-land crop will not be large because of dry weather and heavy grazing," he declared.

The county contains about 20,000 acres of irrigated wheat and the yield should be good, he added. The irrigated wheat is expected to yield from 35 to 40 bushels per acre and could go as high as 50 bushels, Brazzil said. Dry-land wheat is expected to yield from 10 to 12 bushels per acre.

Canyon Man's Father Dies

Louis P. McDonough, 64 years old, father of Stanley McDonough of Canyon, died at 7:30 o'clock Tuesday evening in Matador.

Mr. McDonough was a government trapper.

Funeral services will be held at 2 o'clock Thursday afternoon in Matador First Baptist Church. Burial will be in Matador Cemetery.

Survivors include the son; the widow; a daughter, Mrs. Teresa Meece of Odessa; and four grandchildren.

Newsman To Be Honored

Editors and veteran newsmen of the newspapers in the Panhandle will be honored June 22 at the opening of "Texas."

The Texas Panhandle Heritage Foundation has invited the newsmen to attend the opening night of the seventh season as special guests.

The foundation is also seeking early copies of newspapers, pictures, early equipment and stories of early newsmen to use in displays at the opening, according to Margaret Harper.

Mrs. Harper said the foundation is currently trying to contact veteran newsmen and invitations have been mailed to editors and publishers in the Panhandle.

The annual barbecue will precede the opening of "Texas" at a cost of \$1.93 for adults and \$1.05 for children.

Youngsters Ride In Junior Rodeos — Eastern Star Installs

By MARY NEAL HENRY

HAPPY IS GOING to have a coffee house. The Grand Opening will be this Saturday night about 8 o'clock, that is, if all systems stay "go." It will be at the old 4-H building or going back farther than that, the "Happy Herald" Building on Main Street (by Wallace Motor Co.) It will include seventh grade up through college age kids. It will be adequately sponsored and will be open all weekends during the summer months. Its duration depends on its success.

BAPTIST MEN DID-N'T have a Brotherhood Breakfast this week. Instead they have been invited by and will join the

Methodist men at the Methodist Church next Monday morning to help them welcome their new pastor.

WHILE THEY WERE in Tulsa recently, Modenia and George Rahlfs and Jean and Larry Boyles visited the Baptist Church at Jenks, Oklahoma, and Brother Travis LaDuke. The LaDukes are reported to be well and happy at Jenks.

CHARLES AND PATTIE Wrenn and boys are back in their "summer home."

MRS. L.W. RHOADS has been brought home from the hospital after major surgery. She had to have 13 pints of blood. Only one of these has been replaced. Any one wishing to help replace this may do so at Coffee Blood Bank, in Amarillo. I understand that 26 pints would pay for this blood.

MRS. BILL EUBANKS had surgery at the Caprock Osteopathic Hospital in Lubbock, on Tuesday of last week. She has been home since Saturday.

AL WALKER, CAMMA Lou Tackitt's Dad, is in High Plains Baptist Hospital. He is reported to have leukemia.

MRS. EVELYN USELDING died Monday morning. Our sympathy to George, Mike, Nicky and Linda and their families and to Burnett Johnson, and Rahlf Huseman. We'll all miss her.

HIGH SCHOOL CHEER leaders Pam Shipman, Karen Murdock, Amy Wallace, Karen McCauley, and Dana Cheek, are working washing windows and doing odd jobs to make money for cheer leading school and uniforms. Call Pam Shipman at 764-2528 to hire any of these girls.

HAPPY JAYCEES' PARTY for the high school students and faculty was a big success! Ping pong, pool and foosball, entertained the forty guests. Happy Jaycees and Jaycee-Ettes attending were Lloyd Rahlfs, Sara and George Tiresy, Joy and Norman Freeman, Kay and Vincent Venhaus, Judy Shipman, Della Venhaus, Skip Simons, Dot and Dick Foster, and Eugene Jackson. Chips, dips, brownies and soft drinks provided by the Jaycees and Jaycee-Ettes were served. All Jaycee-Ettes either made brownies or dip for the party.

IN THE 4-H horse project that went to Tulsa Arena Tuesday evening were Neal Odom, Kevin Odom, Kyle Odom, Sherry Starkey, Valerie Tipps, Eddie Joe Pearson, Bob Cole and Angelique Henry. Greg and Wayne Pearson, Mr. Starkey, Betty and Floyd Tipps, Joan and Pete Odom and I were also there. Ken Cook gave instruction to about forty Swisher County 4-Hers in showmanship and Western pleasure, and some barrel racing. I told him there was at least one little girl out there that didn't know one thing about what he was going to say. I'm not sure Casey will ever make a show horse (he likes to go to sleep when he isn't busy) but

Angelique learned how its done. **I ENJOYED SEEING** Mrs. Buck Campbell of Bronet at Cobb-Wheeler-Mote Arena. Mr. and Mrs. Buck Campbell used to live in the north edge of Happy and Buck worked for Randall County.

RAPHE SHIPMAN, JAY McCauley, and Dana and Gay Venhaus practiced barrel racing at Happy Tuesday for their Horse Project in 4-H.

THE SUNNYHILL HOME Demonstration Club met last Thursday at Bertie Culps home to install officers. Mary Jane Miller presented an impressive installation with flowers and pinned a different flower on each officer. These officers will serve for the ensuing year: president, Barbara Danner; vice president, Phyllis Bryan; secretary-treasurer, Gwen Tuck; reporter, Sharon McCauley; and council delegate, Judy Shipman. Jo Hand, retiring council delegate, gave her report. She and I both received THDA pins for 100 percent attendance at council during the last year. The club voted to be hostess to the Senior Citizens luncheon in September. Bertie served coffee and do-nuts to Barbara Danner, Judy Shipman, Mary Wilhelm, Mary Jane Miller, Phyllis Bryan, Gwen and Melissa Tuck, Sharon and Shann and Bill McCauley, Jo Hand, Leona Henry and Denise White, Sheri, Angelique and I. The next meeting will be September 7th at Phyllis Bryan's.

AT 10:30 The club went to Nora Taylor's China and Gift Shop for a program on china painting. Nig demonstrated China Painting, explained the "tools of the trade," and showed us her collections of China-both painted and unpainted. Nig's granddaughter, Vickie Todd, was there and this made Angelique very happy. She had a friend to play.

ROHNDIA FELLERS AND Karen Hinton attended a Youth Citizenship Seminar in Amarillo recently at the Episcopal Church Center and sponsored by the American Citizenship Center. Among those who spoke were Max Sherman and former FFA and FFA State Presidents. They stayed from Tuesday through Friday, played tennis, and swam.

CONGRATULATIONS TO SHARON Dietz and Steve Cole for having been elected Miss News Brief Canyon High School graduate Lee Wilcox, son of the Wayne Wilcozes, 2104 6th Ave. is the new owner and manager for Pets of Amarillo located in the Western Plaza shopping center in Amarillo. He is also the publications editor for the Pioneer Natural Gas company in Amarillo.

HHS and Mr. HHS. They have also announced that Bill Pearson received the Harman-Toles Football Award and Steve Cole the Harman-Toles Basketball Award. Sharon Dietz received the Girl's Harman-Toles Basketball Award. Steve, Sharon, Walter Stubblefield, Anita Schoenenberger, Barbara Dowd, and Stuart Tackitt made Who's Who. Mr. Bryan has said they will make known who received the Kathy Fowler Memorial Scholarship.

WILLA ELLIOT, WILLA Jane McManigal and Nell Sims attended a shower for Nicola Johnston in Canyon last Thursday night. Willa and Nell were hostesses. Nicki and Juanita and Mrs. Edmondson looked very pretty wearing their corsages of fresh spring flowers and Nicki received many nice gifts. We got started cleaning out that garage over there (with a scoop) and just simply didn't quit until 9 o'clock. Sorry about that, Juanita. I did think about you. Nicki and Richard were married Monday night at the College chapel. Willa Elliott and June Hancock were among those who were able to attend.

THE BABE RUTH Team coached by Mr. Ramos and Rueben Garcia lost one game to Reeves Insurance Agency but beat Prairie Cattle Company by one run. Boys playing this year are Lonnie Tackitt, Terry McDonald, Johnny Payne, Freddy Briscoe.

JOAN AND PETE Odom, amy and Ray Campbell, and Barbara and Jim Harding ate steaks out recently. Jim Harding happens to be my first cousin. We grew up together. Jim really likes to hunt and he enjoys Pete and Joan.

MRS. C. R. FOSTER and Cody Foster of Memphis and Mrs. Curtis Johnson of North Platte, Nebraska, visited Cleta and Henry McPherson last week.

JOAN, REEDY, DEBORAH, Donna, Terry, Dolly McDonald fished Conchas last week.

DEBORAH McDONALD is employed at City Hall for the summer.

EDDIE WALTERS BROUGHT me a six pound rainbow trout from North Platte, Nebraska. He and Dale Whitlow went to Dal Dal Walters and fished for a few days. They got back Sunday afternoon...with lots of fish. That one I have was beautiful and it was delicious! Thanks, Eddie!

RUTH SIMS SERVED as installing officer in Tulsa Friday evening and installed Mrs. Delores Williams as Worthy Matron of Tulsa's Eastern Star Chapter. Others attending from Happy were Viola Buchanan, Catherine Miller, Mrs. Helen Bennett, and Ruth and Alden

Viola's theme is Faith; her emblem, open bible; her scripture, "This is my commandment, that ye love one another as I have loved you," St. John 15:12; colors, pink and gold; and flower, pink carnation.

OTHER OFFICERS INSTALLED were Worthy Patron, Harold Eakes; Associate Matron, Evelyn Shipman; Associate Patron, Sam Williams; Secretary, Gladys Haley; Treasurer, W. T. Robinson; Conductress, Ruth Sims; Associate Conductress, Catherine Miller; Chaplain, Mary Sue Eakes; Marshall, Evelyn Dowd; Organist, Ann Williams; Adah, Pauline Wesley; Ruth, Nora Taylor; Esther, LaVenna Jackson; Martha, Grace Tiresy; Electa, Willie Butler; Warder, Ruth Mann; and Sentinel, Alden Mann.

EDDIE JOE PEARSON won All-Around Cowboy in the younger division of the Tulsa Junior Rodeo last weekend. Eddie entered three events, the pole bending, barrel racing, and flag race. J.T. Henry won first in the break-away calf roping. Bill Pearson won first in the older division calf roping with a time of 18.5 and Steve Cole won second with 18.6. Sherry Starkey, Valerie Tipps, and Kay Sheets also entered from Happy. There have been others who participated on Saturday night. One of the little guys from Oklahoma who work at the Happy Feed lot attempted to ride

a bull and his bull rope broke. When he got up, he said, "The handle broke."

JUDY AND DICKIE Clark, Jonalyn and Weldon Jones and Bob and Kay Berry spent last week-end in Old Mexico-Juarez. I think. Anyway, they made the markets and had lots of fun.

JUANITA (VIA) AND Bill Sparks were here most of last week. Mrs. Minnie Via went home with them to San Pueblo, California, and will fly home when she gets ready to return.

MR. AND MRS. Gary Via are taking a ten day vacation in Old Mexico. They flew to Mexico City and planned to drive on to Acapulco. Gary works for the Steak and Ale Company, a chain of restaurants across the United States, and was recently promoted to head of computer operations.

RUTH AND ALDEN Mann will be away two weeks on their vacation.

PAULINE AND WOODROW Wesley and George and Ludy Vaughan and Sis and Virgie Cook attended the rodeo in Hereford during the weekend and the jack-pot roping in Tulsa on Sunday afternoon.

J.D. ROBERTS' son, Ronnie Roberts, and his wife and four children from Sullivan, Missouri, are visiting them in Wayside this week.

BILLIE AND WAYNE Pearson, Eugene Sims, Gui Faye Via, Sheila and Shanda Via, Oma Hayes and I, Becky Via, Wendy Sims, Ken Henry, Chris Pearson, Mary Ann Sims and Pam Shipman were among the ones who attended the Tri-State High School Rodeo Association 1972 Finals in Dalhart's XIT Arena last weekend.

BECKY VIA WAS a contestant in the Queen's Contest which was won by Monica Richardson of Hereford. Becky has also represented Happy's Rodeo Association also this year as their Queen.

WENDY SIMS WON third in the second go-round of ribbon roping with a time of 16.799. He received four points. Pam Shipman ran with the ribbon off the calf's tail.

KEN HENRY REPRESENTED Happy in the Bareback Riding. Happy had three alternates who were qualified to enter the TSHSRA, but were unable to attend. These were Bill Pearson in the calf roping, Steve Cole and Mark Hargrave in chute dogging.

HAPPY WAS ONLY in the Tri State Association less than three months. We feel fortunate to have had two to get to participate.

THE TRI STATE High School Rodeo Association was formed December 6, 1970, in Amarillo. The purpose is to give young people of Texas, Oklahoma, and New Mexico an opportunity to participate and enjoy the sport of rodeo.

DUMAS WON THE boys team trophy this year and Hereford won second. Clayton girls won first place team trophy, and Hereford again won second.

All round boy was Buster Record of Dumas with 239 1/2 points. All round girl was Owida Crites of Clayton with 137 1/2 points.

BUD TOWNSMAN OF Canyon announced for the TSHSRA Finals. Bailey Patterson of Spearman won the bareback riding; Kim Gripp of Hereford the ribbon roping; Buster Record, the calf roping; Jan French of Amarillo, the bull riding; Monica Richards of Hereford, barrel racing; Owida Crites, pole bending; and Kenneth Bass of Hereford, chute dogging.

BUSTER RECORD IS the new president of the organization and Roy Hawkins of Spearman, vice president.

ONE GIRL'S SOFTBALL Team, the Battling Blues of Happy coached by Traverne Vermeire and Rhonda Fellers beat Team 3 of Nazareth at Nazareth. (And I'm going to have to get these softball teams straight.) But I'm not playing softball either. The score was all tied 22 to 22 until the last inning and the score ended 23 to 27.

HAPPY LITTLE LEAGUE Braves beat Nazareth Astros 6 to 5 last Friday night at Happy. Vincent Ray Venhaus and Mike Weaver each hit a home run.

HAPPY CHIEFS LOST to the Dodgers of Nazareth at Nazareth by a score of 6 to 5. Wayside Community Church is having Bible School this week from 4 to 6 p.m. They had 27 on Monday, a large number for Wayside.

METHODIST BIBLE SCHOOL is meeting from 8:30 to 11:30 every morning. They have an enrollment of 70.

FIRST BAPTIST ALSO meets in the morning and they had 104 on Monday and 111 on Tuesday. They had a parade down Main Street on Saturday afternoon. They all met at the church. Some rode their bikes and some the church bus. Some even got to ride the Fire Engine.

DUB McCARLEY'S donkey and cart were on hand, but I understand

that he balked (It was probably funny to everyone but Dub.) Shann McCauley fell on her bicycle. But it was a good parade down Main Street and back to the park where they ate popicles.

LOYD RAHLFS, PRESIDENT of Happy Jaycees is just home from the presidents' conference in San Angelo, Texas. Happy Jaycees met Monday night. Angela and Roque Nix from Houston stopped in and said "hello" at Bible School Tuesday morning. It was good to see Angela. She looks really good. And that little girl is beautiful.

TWENTY-FOUR GIRLS and nine adults attended Happy's Rainbow meeting on Monday. Brenda Parker was presented her merit badge and one color bar; Shawn Walters, one color bar; Linda Railsback, one color bar; Sandy Railsback, a wreath, and Karen Sims, a wreath.

THE GIRLS WERE invited to Canyon's Rainbow Installation on Saturday to see Weldon Revel's daughter installed as Worthy Advisor.

JUANITA ROBINSON WAS escorted to the East to present a majority service to Glenda Wilson who will soon be married. Glenda thanked the assembly and encouraged them to give Rainbow their very best efforts.

SNOOKS ROBINSON PRESENTED Rhonda Fellers her gavel (in behalf of the Eastern Star). Rhonda thanked him and promised to use it fairly.

BEVERLY DUBOIS AND K. Lann Brochardt of Tulsa came to the meeting, but unfortunately arrived a little late. We were glad to visit with them any way. Adults present were Ora Mary Sims, Faye Parker, Mrs. Gurley, Nig Taylor, Juanita and Snooks Robinson, Evelyn Dowd, Ervin Wilson and me.

SEE YOU AT Bible School commencement Sunday evening.

See ya! Mary Neal

VOL. 76 NO. 8 CANYON, TEXAS THURSDAY, JUNE 8, 1972 14 PAGES 10 CENTS

Wheat harvest is getting under way in dryland wheat across Randall County. This field of wheat is on a place being farmed by Jim Thomas about 4 miles west of Ralph Switch. The yields

are reported good with weights running about 60 pounds to the bushel and moisture content "reasonable."

Trustees Lease Farm

The lease of a 96.1 acre plot of land to be used as an agricultural farm was approved Monday night at a meeting of the Canyon Independent School District Board of Education.

Board member Tom Keeling,

who had done most of the work on obtaining the lease, said the land would be leased for \$600 per year on a 10 year lease with a five year option.

The land is owned by Mrs. Lillian Graham, a civics teacher at

Canyon High School.

Keeling said 92.8 acres of the land is used in cultivation, with 10.9 acres allotted for wheat, 46 acres for grain sorghum and 14 for barley.

He said the present yields are five bushels per acre on wheat, 21 bushels on grain sorghum and 14 on barley.

The property is located about 2 miles north of the school and is accessible by paved roadways.

Keeling said the crop yield is low because the land has not been farmed according to requirements and a little work should increase the yields.

He said he has already plowed

the land himself, and is planning to plant maize and maintain the property until the school agriculture department can take over.

Keeling said there is a good wind-mill at the north part of the property and he suggested that portion of the land be used for an animal farm.

The board suggested that Canyon area implement dealers might, as Keeling put it, "get some good advertising" by loaning a tractor to be used on the farm whenever there is a need for a tractor.

City Dads Table PRPC Water Plan

A request by the Panhandle Regional Planning Commission for Canyon City Commissioners to approve a resolution adopting a comprehensive water and sewer plan for 1990 was tabled at the regular commission meeting Monday night because commissioners have not been able to thoroughly study the plan.

The City Commission had contracted with the PRPC for the plan, but city manager George Louder said there have not been sufficient copies available to allow a complete study by the city fathers.

Larry Goodwin, a representative of the PRPC, and Gene Barber of Barber and Marrison, Consulting Engineers of Pampa, were present at the meeting in an effort to urge adoption of the approving resolution.

Goodwin told commissioners that the PRPC had approved the comprehensive plan for all the Panhandle at its May meeting, but, he said, PRPC as well as the United States Department of Housing and Urban Development would like individual cities to also adopt resolutions approving the plan.

Goodwin pointed out that the plan should be adopted as a functional guideline, and not as "hardened facts."

He said the functional plan is a step above a concept plan, but it allows cities to work out specific details such as placement of lines as those details are needed.

"What it means is that you get

a jump on the future before the future gets the jump on you," Goodwin said. "The plan can be updated as required."

Commissioner Jim Christopher, a member of the PRPC board of directors, explained that the plan "is doing work in advance, before it has to be done."

Goodwin said the plan calls for extending water and sewer service to take care of a projected 13,000 population by year 1990. The total cost is projected at \$2,273,000.

He said Dalhart and Dumas have approved similar plans.

Goodwin said 20 copies of the plan would be provided to the city, to allow for additional study, and commissioners agreed to discuss the adoption of the approving resolution at the next meeting.

Also approved was a proposal allowing the city to guarantee one half of the 1972 paving assessment of \$940.50 on the property of Mr. and Mrs. Jerry Farr so as to complete the 9th Street assessment program.

Louder said some three blocks are involved and the city is unable to obtain an assessment lien because the property is a homestead.

Louder said that although Farr refused to sign the assessment agreement, he did agree to pay half the cost. The city manager told commissioners that Farr had said he could not afford the pavement assessment.

Although Commissioner Felix Pierce said he did not agree with the principle of the city's guarantee, he voted with other commissioners and unanimously approved the motion.

The commission also approved a specific use permit to be granted to Mrs. Ada Mae Townsend to use her residence at 2517 13th Ave. as a day-care nursery.

Louder said Mrs. Townsend

WT Contracts Let

Costs \$4.818 Million

Construction will begin in about a week and a half on the new science building and library on the West Texas State University.

A \$4,818,000 contract for the two new buildings was approved Wednesday by the WTSU Board of Regents. Low bidder on the construction project was Reid Strickland Construction Co. of Amarillo.

Regent chairman Cloyce Box signed the contracts at the regular meeting in the WT Activities Center Wednesday afternoon.

The board also approved a motion to sell \$5 million in combined revenue use bonds to pay for the construction to the First National Bank of Dallas.

The bank bid a low 5.5728 per cent on the bonds.

Virgil Henson, university vice president for financial affairs, said the bid on the construction was slightly over the \$4.75 million budgeted for the project, but he added he was "very pleased" with the bids.

The total cost of the buildings, including equipment and architect fees, is \$6 million.

The three-story science building will have about 110,000 square feet of floor space and will be located at the corner of 4th Avenue and 26th Street—at the site of the university-owned home of President Dr. James P. Cornette.

The two-story library will be located at the center of the campus. It will be stressed for the eventual addition of a third floor and will have a basement for

additional facilities.

Occupancy of both buildings is expected late next year.

The regents approved the contract shortly before the open session began.

At the beginning of the open session, Box made a statement regarding the appearance of former WTSU security chief Bobby Hudson before the board in a closed session.

"Mr. Hudson requested nothing of the board," Box said. "He said he would like to discharge his responsibilities to the University before leaving, and he asked that his termination date be re-set. He did not ask us to take any action, and we did not take any action. He brought up some administrative irregularities the administration will probably want to look into."

Box declined further comment on Hudson's appearance.

The board also approved to

allow upperclasswomen to be exempted from curfew if their parents approve.

The matter of self-determined hours was advanced by the women students, and the hours would affect only sophomore and junior women who live in dormitories.

Dr. T. Paige Carruth, vice president of student affairs, told the board that a poll conducted by the Womens Residence Hall Council, showed 92 per cent of the 566 women residents were in favor of self-determined hours for sophomores and juniors.

"We aren't very fearful of muggings here," Carruth said, "but the women themselves insist that the dorms be locked at a certain hour. We would need security to let them in when they return."

Carruth said he had looked into the possibility that a work-study student could be used as a guard to admit girls to the dorms after they are locked.

"But," he said, "we have to pay for it, and this could get real complicated in a hurry. Think about trying to assess a fee on only 35 per cent of the women..."

"Why not charge them 50 cents to get back in?" board member T. Boone Pickens asked.

Board member Donald Curry, before the action was formally approved, asked Carruth to look into the possibility of funding security without assessing the students.

The curfew hours have been 11:30 p.m. Sunday through Thursday, and 1:30 a.m. Friday and Saturday.

The proposal would not affect freshmen students, and seniors and residents 21-years-old have been exempted from the curfew in the past.

Regents also imposed a \$5 assessment on each resident hall

Bobby Hudson Says

Grand Jury Blocked

Deposed West Texas State University Security Chief Bobby Hudson said he told regents Wednesday that his efforts to gain grand jury investigation of certain discrepancies at the university had been repeatedly blocked over the past three years.

Hudson spent 45 minutes in an executive session behind locked doors.

At Hudson's request four university vice presidents were requested to leave the meeting room. Hudson reported that Dr. James P. Cornette, WTSU president, asked him not to discuss his report outside the room.

"I told the regents that my efforts to go to grand juries had been repeatedly blocked over the past three years and that I came to them with my report as a last obligation to the university," Hudson declared. "I made a full report on my last three years as head of the university security."

"I feel that I have fulfilled that obligation and now it is behind me."

"I felt that there were a number of things that needed to be brought to the board's attention. I did not go to the board with a request for reinstatement in my job."

Hudson said the board was "extremely nice" and was complimentary of the work he had done as security chief wishing him well in the future.

Members of the board as of late Wednesday had made no comment on whether it would look further into items in Hudson's report.

Hudson was asked to resign effective June 30 by Dr. T. Paige Carruth, vice president for student affairs.

Events leading to the request began to unfold last spring when The Prairie, WTSU student publication, alleged misconduct

on the part of WT Security Officer Kenneth L. Chambers and also accused Hudson of hushing up the incident and keeping Chambers on.

Hudson charged that The Prairie attack was leveled after a Prairie staffer was issued a

citation by Chambers for parking incorrectly on campus.

Chambers resigned early in April.

Hudson currently is on vacation and is scheduled to be dropped from the university payroll June 30.

Voting Charge Filed Against Amarillo Man

A charge of participating in a primary election of more than one party was filed Tuesday against Roy Pendergraft of 3806 Lewis Lane in Amarillo.

The charge, a major misdemeanor, was filed in Randall County Court.

Pendergraft is charged with voting in the Republican primary in May and the Democratic run-off in June, according to George Dowlen, district attorney.

Pendergraft is expected to be arraigned on the charge today.

The charge carries a \$100 to a \$500 fine, Dowlen said.

Dowlen said Pendergraft apparently voted in both primaries knowingly and willingly and was aware of the consequences of what he was doing.

"Occasionally, we have some

one who will do the same thing innocently, not realizing there is anything illegal with what they have done but this doesn't seem to be the case here," Dowlen stated.

Chamber Plans Annual Canyon Days Activities

The Canyon Chamber of Commerce is finalizing plans for the Canyon Days celebration July 3 through July 8, according to reports made at the chamber meeting Monday.

Cary Magness, chairman of the July 4 activities, reported the watermelon feed is scheduled for 8 p.m. followed by a fire works display at 9:45 p.m. in Conner Park.

The parade is set for 10:30 a.m. July 8 and Ken Thompson reported a large number of entries with entries still coming in.

The parade will end at Conner Park where skydivers will dive into the park just before the barbecue. The barbecue will be served from noon until 1:30 p.m.

Ken Thompson is chairman of the parade and Eddie Holcomb is in charge of the barbecue, according to Roland Black, A.J. Luquette is also preparing the summer recreation activities for

the celebration.

Eddie Knowles said he was sending materials favorable to a western route for Interstate 27 to Congressman Graham Purcell who will present them to the Federal Highway Commission in Washington.

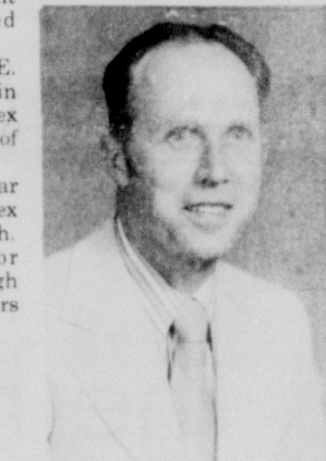

David West reported on a meeting of Canyon, Amarillo and Potter and Randall County officials on county zoning.

West told the chamber members plans were to have Representative Tom Christian and Senator Max Sherman introduce a bill into the legislature to allow zoning in Potter and Randall Counties.

Black said the bills are being prepared at the present time.

Present at the zoning meeting were representative of the Canyon and Amarillo city commissions, the Canyon and Amarillo Chamber of Commerce and the Potter and Randall County Commissions.

Two Charged In Rape Case

Two youths were arraigned Monday on charges of rape by force after they allegedly attacked a 19-year-old Amarillo girl on Rockwell Road, north of Canyon.

Robert Sena, 17, of 1104 N. Harrison in Amarillo and Jimmy Gonzales, 19, of Box 654, Ft. Sumner, New Mexico, were arraigned before Justice of the Peace W. W. Hancock and bond was set for each at \$5,000.

Richard Dambold, former Randall County assistant district attorney, is representing the two men. The arraignment was postponed Monday morning so Sena and Gonzales could retain an attorney.

The offense allegedly occurred about 3:30 a.m. Sunday, according to District Attorney George Dowlen.

The girl stated she was trying to hitchhike to Austin when the two defendants allegedly offered her ride to Lubbock, Dowlen said.

COVERING FUMBLE
by Dean Mitch Jones

by Troy Martin
FROM THE
CANYON RIM

Opponents of capital punishment take note.

Billy Croft, a 30-year-old, hardened ex-convict was given 99 years at Dimmitt recently for his role in the Jan. 14, 1971 killing of Mrs. Lillian Kessler, 79, of Tulia.

Bad boy Billy pled his innocence before the Castro County jury but that wasn't the story he told fellow inmates in Randall County jail where he was held for safe keeping before the trial.

Mrs. Kessler was shot once in the stomach and once in the head with a shotgun at her isolated rural home.

"I shot the old lady in the stomach," Croft was quoted by a cell mate as having bragged while standing bare chested on top of a table in Randall County jail.

Croft was reported to have told fellow inmates that "the old lady was on her knees with her social security check in her hand" and had offered to endorse it over to

him if he wouldn't hurt her.

Croft was quoted as having said he silenced her pleas with a shotgun blast in the stomach. One of his two partners then "blowed her head off" with another blast to the head.

"If I had known he said this I could have gotten him the death penalty," commented Tom Hamilton, the district attorney who prosecuted Croft.

Angela Davis is free.

She was acquitted by a jury, all but three members of which celebrated with her at an African rock music party afterward. In my opinion this was misconduct, if not legally misconduct at least in extremely poor taste.

A communist, she then spat on the country that gave her a trial and afforded her an acquittal.

Superior Court Judge Harold Haley was hauled from his courtroom and murdered. Four guns found in the escape van were registered to Miss Davis.

Miss Davis is free.....thus did jury decree.

Judge Haley is dead.....and in Biblical phraseology, "his blood cries out from the ground."

Former senator Ralph Yarborough took a sound shellacking from Barefoot Sanders Saturday and probably ended his political career.

In 1970 Yarborough blamed Republican crossovers with his defeat at the hands of Lloyd Bentsen.

He accused several county chairmen of cheating on the vote count in the first primary and forcing him into a runoff with Sanders.

I wonder who he'll blame this time.

As a matter of fact, in his long public career Yarborough never won a major election except by fluke.

He got in the Senate in a winner take all special election to fill the unexpired term of Price Daniel who had just defeated him in a bid for governor.

Yarborough had run repeatedly without success for governor.

Then in 1964, Joe Killgore would have taken him on but for the fact that Lyndon Johnson running for President forbade Killgore to run. Johnson cringed at the thought of losing Texas and he feared a split in the Democratic Party if one of his circle ran against liberal Ralph Yarborough.

Yarborough met his first real Senate contest in 1970 and was defeated. He accused big city Republicans of crossing over and laying him low but this was not the case.

I did a county by county analysis of 1970 election returns and it was the rural counties, the hinterland which laid Ralph low.

Since Yarborough will be 73 when the next Senatorial election is held in Texas, it is doubtful that he will make another race.

Let me say this in farewell to Ralph Yarborough. His political faults were many but he also had some great virtues. I never wrote him a letter that did not receive a reply. I never made a telephone call to him that he did not return.

I never asked his assistance with a problem that I did not feel he did his best to fill the request.

A note to John Connally watchers:

John Connally has been careful not to stray too far from the Texas Democratic Party.

Almost any candidate in the running for the Democratic nomination for President will be unacceptable to Connally and his followers.

I see him in a role as leader of Texas Democrats for Richard

Nixon this fall.

Next January he is likely to emerge as Nixon's secretary of state. As secretary of the treasury he has already tried his hand at negotiating with foreign diplomats and there is every indication that he did well and that he liked it.

John is likely to be skipping the next few family reunions.

He flatly refused to come to Texas and campaign for brother Wayne for the post of lieutenant governor.

Bill Murren Quits WTSU Cage Post

Bill Murren, who has been at West Texas State University for two years, has resigned as assistant basketball coach, effective July 15.

Murren came to West Texas State two years ago as a graduate assistant coach, in charge of the freshman basketball team. He was the full-time assistant basketball coach this past season.

Murren said he resigned for several reasons, but all of them were personal.

Head basketball coach Dennis Walling praised Murren's efforts at West Texas State. Walling said he will name a replacement within the near future.

Murren scored over 1,000 points in two seasons at Decatur Baptist Junior College while playing for Walling. He was a Junior College All-American during the 1961-62 season.

From 1962 through 1964 Murren played guard for the Texas Tech Red Raiders and averaged 10 points per game over the two-year span.

Prior to moving to West Texas State Murren was head basketball coach for three years at Lubbock Coronado High School.

Williams Takes Hunsley Tourney

Ray Williams of Amarillo won a playoff on the third hole Sunday to capture the championship flight crown in the 36-hole Hunsley Hills Invitational Golf Tournament.

Williams had tied with Mickey Daughtery of Canyon with a score of 146 for the two-day play.

Bob Henry placed third with a 148; Tommy Rose fourth with 150; Joe Bob Brown fifth with 151; Frank Castleberry sixth with 154; and Johnny Goodwin seventh with 156.

Brown is from Amarillo and Goodwin resides at Tulia. All others are from Canyon.

In the first flight competition, Elmer Wilson of Pampa bested a field of 10 players with a 148. Allen Williams of Amarillo was second with 153.

There was a three-way tie for third place in the first flight. Monte Townsend, Sam Weaver and Jerry Jacobs all posted 155 scores.

Myron Dees was fourth with 156; Clois Hallman fifth with 158; Bob Smith with 162; Weldon Trice seventh with 163; and David Levens eighth with 166.

Monte Hamilton turned in the best 36-hole score of 161 to capture the second flight crown. Glenn White came in second with 162 and J. E. Ferguson of Amarillo placed third with 164.

Other second flight scores were

Bob Burton, 165; Jackie Peek and Eural Ramsey, 166 each; Gayle Pyeatt, 167; Earl Simpson, 173, and Ron Mills, 175.

The third flight was played with handicaps, and Cordell Huddleston took honors there with a 139.

Ken Fair scored 143 for second place honors and Bill Rawlings posted a 145 for third place.

Other scores were Larry Ripple, 149; David West, 150; Felton King, 154; Mark Gotche, 155; Donald Day, 157; Joe Triplett, 158 and Ken Wallace, 162.

Two Grants Announced

West Texas State University received two federal grants totaling \$152,927 Wednesday.

The office of Congressman Graham Purcell announced a grant of \$31,263 to be used in purchase of materials for the WTSU library. A spokesman for Purcell said \$5,000 of the HEW grant must be matched with non-federal funds.

The office of Congressman Bob Price announced a grant of \$126,664 by the National Institute of Health, Division of Nursing for the establishment of a baccalaureate degree nursing program at the university.

Student Becomes First To Graduate

Irma Quezada of Levelland, an Upward Bound student at West Texas State University, was the first in her family to graduate from college.

And she may have started something. There are 17 in the Quezada family.

Irma now has a brother who is on the dean's list at Baylor University and two sisters who are a freshman and a sophomore in college.

Irma is teaching social studies with the Upward Bound program at WTSU this summer and has accepted a position with the Lubbock School system this fall.

She is interested in teaching children with language and learning disabilities. Irma said she believed she would not be a college graduate if it weren't for the Upward Bound program.

"I was like a lot of kids who at the end of high school think they've got it made," she declared.

The Upward Bound program at WT is full for the summer with 50 students from Hereford, Friona, Tulia, Kress and Amarillo enrolled.

Fifteen of the students are in their first semester of college work, bridge students, under the tutelage of Upward Bound and the other 35 students are from high schools receiving enrichment in math, reading, social studies, arts and crafts, psychology and selected recreation.

R.C. Scott, Jr., director, said teachers in the program worked with students through their

sophomore year in college and then let them go on their own.

"We try to keep them motivated and interested in school," he said.

Scott said the program was successful last year with 80 per cent of the bridge students. The students enrolled in the program are the students who would not have been likely to attend college, he said.

Psychology was included in the program this year because so many of the students had negative attitudes. "We want to teach them they can do anything they want to do," he stressed.

He said the workers in the program also have to convince the parents and public of the validity of the program.

"Now the talent that was once wasted can be salvaged by the program. Scott said reading was stressed more than any other subject in the program.

"We have found that any youngster who can read can survive," Scott stated.

Tidbits

here and there

BY CAROL CRAIN

NEEDLEPOINT TAKES ON A NEW DIMENSION when designed around a real spider or butterfly, that has been preserved then mounted on the artistic piece.

One Midland woman sells her interesting art through Neiman Marcus and a summer show is in the offing. A small wallpiece sells for \$50; bigger ones cost

more according to their size and work involved.

Some of the crewel embroidery takes the form of an array of garden flowers flicked with beautiful butterflies. Another might be a large web with a real spider mounted at an interesting spot.

Imagination, as in all art forms, is the key here.

The insect, to be mounted, should be spread and pinned in whatever manner you wish to a special pinning board and left to dry. (Insect pins from the hobby shop are best). Vary their positions if you are using more than one on a decor piece. After the butterfly (or whatever) is dry, pin it very "carefully" to accent your embroidery with the insect pins. This is finally placed in a shadow box with the glass an inch or more away from the finished scene.

WTSU professors Dr. Derl Brook and Dr. Charles Smith were the research sources on mounting the insects. Dr. Brook has a tremendous collection of insects and displays them to his students along with the university collection during the school term.

Dr. Charles Smith noted that spiders are somewhat inconsiderate about keeping their shape during the drying and tend to shrivel up. In this case, try, try again, or use something else—beetle, praying mantis, or whatever.

FOR YOUR NEXT BRIDAL SHOWER take all the package bows and a paper plate. Streamers are pushed through holes made at different places in the plate with the bows remaining at the front of the plate.

When finished the "Bow Bouquet" is lovely to place in the bride's hands for the final shower picture. When the bows are different colors the effect is truly beautiful and the multi-colored streamers drop from the bouquet in rainbow fashion.

DOROTHY NEBLETT has just recently returned from a trip through Europe. The travelers stopped in London, Stratford-on-Avon, Brussels, Germany, Vienna, Venice, and Paris. It was an enjoyable trip, I'm sure.

FOR THE YOUNGER SET buy a half a dozen moth balls and let them draw faces on them. Take a tall glass and add colored water (from the top) until 1 inch from the top. (A brandy snifter would be party pretty!) Add 1 T. of white vinegar to the water and 1/2 tsp. baking soda (to make a fizz). Drop the Pearl Divers (moth balls) into the prepared water.

Teacher Exam Set July 15

Prospective teachers planning to take the National Teacher Examinations at West Texas State University July 15 have until June 22 to submit their registrations.

Information describing registration procedures and application forms may be obtained from the WTSU Testing and Counseling Center.

Registration fee for both parts of the exams—Common and Teaching Area—\$15. Fee for the Common Examinations only is \$10 and for the Teaching Area only is \$9. Registrations received after the June 22 deadline but before June 29 must include a \$3 late fee.

Results of the National Teacher Examinations are used by many large school districts in the selection of new teachers and by several states, including Texas, for certification of teachers, said Dr. Kenneth Waugh, director of the Testing and Counseling Center.

Harvells Become Parents Of Boy

A son, Johnathon Noel, was born to Mr. and Mrs. Eddie Harvell at the United States Naval Hospital in Orlando, Fla., on May 24. The infant weighed 8 lbs. 7 oz. and measured 20 1/2 inches at birth.

The Harvells have an older son, Jeffery, age 2. Harvell is stationed with the U.S. Navy in Florida.

Maternal grandparents are Mr. and Mrs. Ted Allen, Canyon. Paternal grandparents are Mr. and Mrs. Tom Harvell, of Big Spring.

they will sink for a few minutes then rise to the top bringing a bunch of pearls (bubbles) with them, then go down for more. The effect would be fun for a party centerpiece, don't you think?

Sherman Acres News Halls Catch Fish—Hinds Remodel

By MARY JO GRIFFIN

WITH SCHOOL VACATION only two weeks in progress, things are surely busy! But I'm enjoying each day of it. Just a few more days left until summer officially begins and the spring house cleaning hasn't even begun in our house. If we wait we can really do it up good this fall. We've been in vacation Bible School this week, and have been learning quite a bit. One little girl even wants to keep having it all summer. With squeezing so many things into summer, we are kept so busy.

SINCE THE CANYON Municipal Swimming

Pool has been open we've had a lot of Sherman Acres kids there. They surely have a great time at the pool.

RANDY HALL ATTENDED the 7th Annual Amarillo Youth Citizenship Seminar last week at the Episcopal Conference Center north of Amarillo. He really enjoyed it and said it was so very worthwhile.

HAPPY WEDDING ANNIVERSARY wishes this coming Monday, June 12, to Mr. and Mrs. Don Cartwright on Rosemary Street. Have a happy day, Don and Jeanne!

TODD ANDERSON WAS telling me about going fishing over the weekend. The family went down to Vago where James

helps an uncle farm. While they were there they went fishing and caught several. Kent, Batina and Julie were in on the fish catching too. They said they had some delicious eating.

MR. AND MRS. Herbert Hall and family used the long weekend recently to visit with friends and relatives. In Midland they visited with the B. J. Thompson family and in Andrews they visited with an aunt of Betty's and her grandmother, Mrs. Sadie Brumley whose home is in Shreveport, Louisiana. Then they came back through Lubbock and visited with Herb's brother

and family, Mr. and Mrs. J. T. Hall.

THE W. C. HINDS family are busy remodeling the house they moved out to the south west of us. It's going to be real nice and we'll be glad to have them in the neighborhood. They are doing most of the work themselves along with a real pretty garden out there.

I KNOW SO many of our neighbors had guests or went places this past week, but I didn't get around to talking to all of you. I'd certainly appreciate any calls next week telling about your happenings. Thank You, Mary Jo

She had been hospitalized since May 2.

Mrs. Uselding had been employed by the cafeteria of the

Happy School for the past 14 years. She was a member of Holy Name Catholic Church, where she also held membership in St. Ann's Altar Society, and she was a member of the American Legion Auxiliary.

Dodgers Topple Red Legs

The Canyon Major League Dodgers won two of three games last week to come out on top of first place Red Legs in league standings.

In a game played Saturday, the Dodgers defeated the Red Legs 22 to 9, with half the winning runs scored in the third inning.

The winning streak came a day after the Dodgers fell to the Yankees, 14 to 8.

After Saturday's defeat of the Red Legs, the Dodgers took to the field again on Monday and downed the Braves by a scanty 19 to 18.

The winning pitcher-catcher combination in the Dodgers' defeat of the Red Legs was Harrison and Nix. The losing combination was Camfield and Brown in three innings and Cranmer and Brown in two innings.

Harrison hit a two-run homer in the second inning to help the Dodgers in their bare defeat of the Braves.

In their last defeat Friday, the Dodgers succumbed to the Yankees doubles hit by Anderson, R. Haws, Kendrick and Perry.

Yankees, 31; Astros, 11

A 31 to 11 defeat Monday over the Astros Monday moved the Yankees out of the league cellar into third place.

Two doubles by Kendrick and four singles by R. Haws, coupled with three-base hits by Collins and Byrd and doubles by Haws and Higgins, helped dump the Astros, despite a three-run home hit in the second inning by Astro pitcher Dillehay.

Red Legs, 15; Astros, 4

The Astros also were defeated Friday as the Red Legs scored 14 runs in the first inning to come out with a final 15 to 4 victory.

The first inning was highlight for the Red Legs with a three-run homer by Cranmer. The Red Legs scored one other run in the second inning.

By the top of the fifth, the Astros had scored only twice, but a two-run homer by Kent doubled the score.

The winning pitcher-catcher combination was Bell and Brown, and the losing team was McLain and Kent.

Astros, 11; Braves, 7

The Astros did manage to sandwich in a victory in Saturday's play by topping the Braves 11 to 7.

Doubles by Rudd, McLain and Cockrell assisted the victory.

Winning pitcher-catcher combo was Kent and Rudd, and the losing was Schmidt and F. Palmer.

Ladd Inks WTSU Cage Pact

Kent Ladd, an all-city basketball player from Amarillo Tascosa High School, has signed an athletic scholarship agreement with West Texas State University basketball coach Dennis Walling.

The 6-4, 190-pounder played guard and forward on the Tascosa Rebel team of coach David Camfield which was third in the District 3-AAAA race this past season.

Ladd averaged 8 points per game and 9 rebounds per game for the entire season, but his district averages were 10 points per game and 12 rebounds per out-ing.

"Kent improved with each game during the season," said Camfield. "He is as fine a defensive player as we have had at Tascosa in years. He always was assigned to the opposing team's leading scorer and usually held him below his average. He is quick as a cat for two or three steps."

The Tascosa coach said Ladd was a standout rebounder because of his strength and good timing.

cial distinction of being named one of two outstanding flute players at the contest, after having earned a Division I award. He will be a junior next year and this is his third Division I medal.

Nancy King, a senior next year, won a Division I rating for clarinet solo. She also performed in the woodwind quintet. This occasion marked her third time as a Division I winner also.

Jane Taylor, a senior last year, won Division I in flute solo and also was a member of the woodwind quintet which won highest rating.

Other members of the woodwind quintet that received Division I honors were Jeff Shepic on oboe, graduating senior, Allen Beghtel on French horn, junior this past year, and Dan McGlas-son on bassoon, junior next year.

Registration Ends Friday

Late registration for the first summer term at West Texas State University will continue until 4 p.m. Friday with 2,737 students enrolled as of Tuesday afternoon.

The 2,737 figure compares with 2,982 who had enrolled as of the second day of registration last year.

Monday, 2,680 students registered which is 128 less than the first day figure last year.

"Kent has such a wide range of vision he can almost see in a complete circle," said his coach. "He handles the ball well under pressure and most of his shots came from the outside. He plays so hard, he hurts people without even knowing it."

Ladd's quickness have improved greatly during the past two years. A calcium deposit was removed from his hip between his sophomore and junior seasons. That deposit was the result of a junior high school injury.

For three years Ladd lettered on Tascosa's baseball team. He was a pitcher entirely for two seasons, but played first base this past season to take advantage of his heavy hitting and earned all-district honors at that position.

Following the operation on his hip, Ladd's basketball playing improved consistently. He started many games in his junior year and was a full-time starter as a senior.

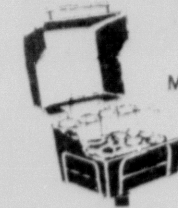

The son of Mr. and Mrs. W. J. Ladd was named the outstanding overall boy graduate of Tascosa High School by a committee of teachers.

A GAS outdoor grill gives food a tangy outdoor flavor without the time and bother of charcoal fire. Char-broiled flavor comes from the smoke of meat juices dripping on hot briquets. The heat is regulated manually so there is no need to move a grill up or down.

Gene Howe News

Workshops And Baseball Under Way

By TROYCE MULHERIN

NICE TO BE with you. THOSE OF US in the Gene Howe area send a heart-felt "Thank you" to Pauline Hefley in appreciation of the many hours of thought and time she put in on our behalf in writing this column. Her entertaining wit and genuine interest in the people in this area have contributed immeasurably to our reading pleasure, and we love you, Polle. One thing's for sure, she has a hard act to follow. Yours truly now knows how a second banana feels.

THOUGH THE SOUNDS of children's laughter and talk no longer ring through the halls at Gene Howe, our little school continues to be the site of much activity. Most of our teachers have been involved in special workshops this past week involving work in special areas. Teachers in grades first through third have been working in new reading and social studies areas and heard a consultant from Houghton-Mifflin reading series. A representative from Silver Burdett conducted workshops on Social Studies for teachers in grades first through sixth. Teachers involved in these workshops are Loy Bell, first grade; Pat Stevens, second

grade; Sandra Hicks, Nynvia Mills and Geraldine Woodward, third grade; Jerrie Langen, Gloria McGill and Rosemary Ramaekers, fourth grade; Cindy Capps, Gloria Taylor and Marion Shoemaker, fifth grade; Margie Phillips; and, of course, the chief, Luther Lawless. Sixth grade teachers are Marguerite Green, Suzella Parsons and Lee Smith.

ALTHOUGH OUR KIDDOS are enjoying a vacation, you can see our teachers are still hard at work. Most of our teachers are going to be "going to school" this summer furthering their education, and you-know-who will reap the benefits of these endeavors. Aren't we fortunate!

SUMMER SCHOOL WILL start June 5th with classes in LLD, Special Reading and New math, taught by Gaylia Cochran and Vondean McGregor. Mrs. Norma Lambert will teach the speech classes. All these classes are full, and these lucky little people will be dismissed July 14th.

MR. AND MRS. Larry Delaney recently took their youngsters to Jacksonville, Texas, to visit with the children's great Grandmother. Mrs. Delaney reported it has been about five years since they have seen her, and everyone enjoyed getting re-acquainted.

WE WISH A Happy anniversary to Mr. and Mrs.

Dewayne Howard on the first day of this month. Having a wedding to attend on that day, they waited until Saturday to celebrate. Hearing the vows again in someone else's favor, is worth putting off your personal celebration. Eh, what.

JOAN BURAL HAD a happy birthday on the first of this month, and we wish her many more.

BOB CURLEE IS not telling how many candles will be on his birthday cake on the sixth. Incidentally, Bob and Carleen weren't having an end-of-school wiener roast this past week. All the smoke and fire came from his electrical equipment and Carleen's painting and craft supplies which went up in the flame when their building in the backyard burned. They have about got everything squared away now, and we have some of what to give them on their respective birthdays. Carleen's is on the 19th of this month.

TOW LOVELY LADIES from the Gene Howe area were recently elected to serve as officers for the town and country home demonstration club. Mrs. Bill (Sarah) Edwards will serve as president for a second term, and Mrs. E. R. (Melvena) Brown will serve as secretary. The members of this club are taking a summer respite from their endeavors, but will meet again in September. If anyone is interested in visiting with them, give either of the mentioned ladies a call, and they will contact you as to meeting time and place. They have lots of fun visiting and working on crafts

and welcome new faces and new talents.

SUMMERTIME FOR LITTLE boys and girls often means baseball, and Shannon Edwards, son of Mr. and Mrs. Bill Edwards, is no exception. His career might be short-lived, tho. Shannon is playing hardball for the Y.M.C.A., under the coaching of Wesley Bromley. Shannon had a wee bit of an accident during a game Saturday and after a visit to the dentist to see about his loosened teeth and a few stitches in his lip, his mommy and daddy are taking a wait-and-see attitude regarding his playing. Little things like not being able to eat hardly ever deter little boys, tho, and Shannon will probably be back on the field in no time.

MR. AND MRS. Dale Young were taking it easy on their anniversary on the third of this month. Mrs. Young's sister and brother-in-law, Gwynneth and Joyce Curtis of Vienna, have been visiting in the States, and specifically, in the young home. The sisters have had an awful lot of talking and visiting to take care of and devoted themselves faithfully to these fun tasks. Mr. and Ms. Curtis took young Bryan Young to visit with his grandmother and grandfather, and he will be staying and working with them for a few weeks.

AFTER A WEEK or so of practice, the Kid's, Inc., baseball teams start league play this week. Jim Burkett is coaching the fifth grade boys; Mr. and Mrs. Mac Thrash are sharing the honor of coaching the fifth grade

girls; Herb McGregor coaches the sixth grade girls. George Schmidt and Kenneth Grosst are patiently coaching the third and fourth grade girls, and Jerry Martindale will lead the third and fourth grade boys to the winner's circle. Richard Ives coaches the second grade boys, and Leonard Schmidt is in there teaching the first grade boys all he knows. Not going to name names, or anything, but your writer attended one game last week—first year these youngsters have played—played two innings—in two hours. Was a lot of fun and well worth the time. These coaches are having a lot of fun, and the kids are quite intent on doing their best. Summer fun.

SPEAKING OF SUMMER sun, have you mothers noticed how much talking and how much eating our youngsters are capable of in the summer. Whole new world.

JEANETTE HODGES AND Bill West were married in a lovely ceremony at the Hollywood Baptist Church Sunday, June 4th. Charming bridesmaids from the Gene Howe area were Diane Harp, Lanette Hodges and Donna Russell. We wish this young couple a happy and successful marriage.

FINAL PLANS ARE being made for adult tennis lessons to be held at the West Texas Courts, under the instruction of John Phillips, West Texas State Tennis coach. For a class fee of ten dollars, one hour sessions will be held for five lessons, starting Monday, June 12, through and including June 16. These classes will be limited to

ten people each. Those interested in partaking of this healthful and fun sport should call Pauline Hefley, leave your name and phone number, and she will furnish you with particulars as to time of lessons, etc. Pauline's

phone number is 352-2089; call after six p.m. why not go out and indulge in some physical fitness and a good tan all wrapped up in one package.

NOW, YALL, DON'T be bashful—give me a ring with your

news. We all like to hear about other peoples' trips and parties and events of interest in our community.

THANKS FOR THE use of the hall. Troyce Mulherin

MR. AND MRS. DAVID GIDDEN

To Operate Mr. Burger

Giddens To Hawaii

BY BEN KECK

The honeymoon is over, but David Gidden and Linda Gidden are going to Hawaii anyway.

And David, former assistant manager of the Mr. Burger in Canyon, will manage the first Mr. Burger outlet on the Hawaiian Islands.

"It will be an experience," David said before he and Linda left Canyon on Monday. "If it works out, we can put in as many as 40 outlets on the Islands."

For David, the assignment is a head start to success. For Linda, it's a dream-come-true.

Gidden married the former Linda Turner on May 28 and the couple took a wedding trip to Colorado. They got back from the honeymoon a week ago today, and Linda immediately started packing for the trip.

"I've never been there before," said the excited bride, who was assistant manager of Canyon's 2-B Burger before she and David married.

The newly weds met about three years ago when David started work for Mr. Burger.

"I guess you can say we bumped into each other over the grill," Linda chuckled.

Linda is 20, and is a 1971 graduate of Canyon High School. She said she's been helping serve up hamburgers in Canyon for about seven years. Her parents are Mr. and Mrs. R.B. Turner of Route 2.

David is 18 and graduated this year. He is son of Mr. and Mrs. Joe Gidden of 1203 Hillcrest.

"I'll manage the place in Hawaii," David said. "She'll work for me on an hourly basis."

"I'm going to see the Islands first," Linda retorted.

Gidden said the Hawaiian Mr. Burger was opened about two months ago after the Pizza Hut Corp. bought Mr. Burger franchises. It is the only outlet on the Islands, but other large, nationwide hamburger chains have franchised outlets there, and Gid-

den says they are doing well. The couple will be based in Pearl City, near Honolulu, and the burger place will cater to service men and tourists. Gidden says if it works, an additional 40 more outlets are inevitable, and there is a possibility he may be promoted to supervise the majority of them.

The couple left Canyon early Monday morning and planned to tour New Mexico and Arizona before arriving by car in Los Angeles late today or early Friday. They will fly to the Islands, leaving Los Angeles late Friday and, because of the International Dateline, will arrive Friday morning.

Gidden said they will spend two weeks touring the Islands before starting work.

The situation inevitably prompted the question, "What does a gentleman say to a lady whom he meets over a hamburger grill?"

"Well, I eventually said, 'Will you marry me,'" David said. "And I," Linda grinned, "said, 'Only if you take me to Hawaii.'"

French fries, anyone? Aloha!

News Brief

Mr. and Mrs. E. E. Miller and son Kevin of 1218 2nd Ave. were joined by Mr. and Mrs. Van Pennington and Mr. and Mrs. C. A. "Tige" Dodson for several days over the Memorial Day holidays for a trip to Lawton, Oklahoma. The three Canyon couples visited in the home of Sgt. and Mrs. James E. Miller and spent many hours fishing at local lakes in the Lawton area.

Joining the group were Mr. and Mrs. David B. Pond, of Yellville, Arkansas. Mrs. Pond is a daughter of the Millers. Kevin returned to Arkansas with the Pond family to spend several weeks this summer.

student-both in the men and women dorms-for a student entertainment card.

The card will admit the students to two major concerts and any additional concerts presented by the Student Activities Council Entertainment Committee.

Curry said he had some reservations when first approached on the entertainment assessment idea, but a poll of students living on campus showed 83 per cent favored the idea.

Students not holding the entertainment cards would be admitted to the concerts at much higher rates-usually \$4 per person.

Also approved at Wednesday's meeting were five new degrees in the School of Fine Arts and the School of Business.

The board authorized Dr. Cornette to submit the proposed new degrees to the Texas College Coordinating Board for final approval.

The new degrees include Bachelor of Music in Music Therapy, Bachelor of Business Education, Master of Music, Master of Professional Accounting, and Master of Business Education.

The board also directed the university administration to proceed with the Coordinating Board toward the establishment of a Department of Allied Health Sciences in the College of Arts and Sciences, and with changing the names of the Department of Government to the Department of Political Science and Department of Speech to Department of Speech and Theatre.

The board also authorized Cornette to investigate the potential and become affiliated

in self-supporting contractual relationships with private and governmental agencies.

"The future growth of West Texas State is dependent, in part, on the development of imaginative and progressive relationships with private institutions," Cornette told the regents. "Opportunities will arise for the university to furnish consultants and expertise in various developmental projects, both in this country and possibly abroad."

He said there is a possibility that the School of Agriculture could become associated with a private firm bidding for a contract with the Saudi Arabian government to develop certain agricultural enterprises.

He said WTSU also might align with the Southwest Alliance for Latin America in which 13 universities have "cooperatively developed a mechanism for significant and mutually rewarding involvement in hemispheric activities through contracts."

The board also approved the appointment of Dr. Horace H. Bailey, 37, as head of the Department of Biology.

Bailey succeeds Dr. Robert A. Wright, who has been acting department head the past year, and who will remain as associate professor of biology.

Bailey comes to WTSU after five years at Colorado State University and three years at the University of Oklahoma.

In a conversation that developed during the meeting, Box said there is "not enough interest" in the academic community to get facilities at the Nance Ranch in working shape.

"Interest would create more utilization," Box said after being told that Dr. Charles Smallwood, dean of the School of Agriculture, estimated \$150,000

to get the ranch in shape.

Henson told the board that he had surveyed the faculty and the general consensus was that improvements on the ranch were top priority.

Henson said he would prepare a detailed study of the ranch situation for the board.

In other action, the board:

- Approved the sale several months ago of \$3,424.20 worth of obsolete and surplus items.
- Approved a \$4,000 contract with the Canyon News for printing the student newspaper, The Prairie, during the 1972-73 academic year.
- Approved a request to enter

into a two-year contract with a "company submitting the most attractive accident and health and accident insurance program" for university students. The insurance would be optional.

-Moved to consider a recommendation to be submitted by Dr. Cornette to appoint a director to the West Texas State University Foundation to succeed Wales Madden Jr. of Amarillo, whose term has expired.

Other directors are Warren Hasse of Pampa, F.V. Wallace, Boyce Box and Connally Lockhart, all of Amarillo, and Milton Morris, Dale Hall, David Matthis and Dr. Jack Walker, all of Canyon.

applied for the permit in order to do babysitting in her home five days per week.

He said reports from neighbors had been favorable, and that no one appeared at the public hearing held by the Planning and Zoning Commission on May 25 to oppose issuance of the permit.

Mrs. Townsend cares for 13 youngsters at her home throughout the week.

In other action, the commission:

- Set June 22 as the date of its next regular meeting and also set that date for a public hearing on a zone change request of A. L.

Crossland for 33.4 acres of property in the Hidden Valley addition.

The property is presently zoned SF-1, and is used as unplatted pastureland. Crossland is requesting the zoning be changed to SF-2, which would allow individual lots to be smaller.

Plans call for the land to be used for single family dwellings, and Crossland maintains that the 10,000 sq. ft. per lot requirement of the size of SF-1 zoned land "is a requirement that makes large lots priced out of the reach" of many prospective buyers.

The SF-2 designation would require that individual lots be only 7,000 sq. ft.

-Approved a request by Jerrell Corbett that 9th Street from 3rd Avenue to 2nd Avenue be closed.

Louder said this would eliminate 150 feet of roadway that is very seldom used except by employees of the nearby Pioneer Natural Gas Co. plant. Pioneer's division engineer, Scott Smith, told the commission in a letter that such a closing was satisfactory with PNG.

-Voted to instruct the Planning and Zoning Commission to make a comprehensive review of the

city's requirements for off-street church parking.

The present ordinance was passed in 1968, but Louder said there is some doubt that the ordinance is feasible.

-Accepted bid on a new automobile to be used by the city code enforcement officer. Bids were Imperial Chevrolet Co., \$2,453.81; Stevenson Motor Co., \$2,519 for the vehicle with specifications as requested, and \$2,437 for a car with modified specifications; and Jess Ford Co., \$2,239.63.

The commission voted to postpone awarding of the bids until the June 22 meeting.

equipment in that manner is being looked into by board member Ed Wieck.

Board chairman Dr. Dudley Moore told the board that it should look into a preventive maintenance program for school properties.

Moore made the statement after Ray Schutz presented a list of 41 maintenance items that he said need to be accomplished before school begins in the fall term.

Most of the items were such things as replacement of broken tile, refinishing of desks and replacement of broken windows.

The board discussed Schutz' proposal to hire an additional maintenance man, and Dr. Moore told him to look into the prospects and report back at the next meeting.

Schutz also said there would be a possibility of saving money by budgeting money each year for a complete maintenance plan for an entire campus.

He said one campus could be painted and repaired each six to eight years, and constant preventive maintenance would cost less in the long run.

School Supt. Jerry Jacobs said he proposed a standardized color system on each campus or throughout the school system so that "we won't have to guess what color the wall is whenever the plaster needs patching."

The board also approved a high bid of \$1,005 by the Atchison, Topeka and Santa Fe Railway for a 1957 Ford school bus.

Last month, the board turned down several bids because none were high enough.

Other bids were Stanley Blaine of Amarillo, \$607; Open Door Baptist Church of Mesquite, \$500; and two bids from United Superior Sales, Inc., of Albuquerque, \$203 and \$167.

Jacobs said the \$167 bid was received in the mail from the company, and the \$203 bid was made on the phone later by a company spokesman.

The board set the next meeting for June 20.

check the amount of traffic on the road.

The court also discussed the need for a 100 foot right of way on roads close to the Amarillo city limits. Commissioner Glen Dowlen said he questioned the need for the wide right of way on roads which will one day be a city street.

Commissioners also discussed the possibility of approving the width of each road individually instead of having one uniform ruling.

Mrs. Frank Welch met with the court and requested the county build a road to her property in south Amarillo which is not now served by any road.

The property is in the city limits of Amarillo and commissioners said they felt they would be over-stepping their authority by going into the city of Amarillo.

The court also said it would be difficult for them to use county equipment to build a private road which would be used by one family.

Judge Pond advised Mrs. Welch to discuss the road with the city of Amarillo. He said the county would cooperate in any way they could but they would have to have clearance from the city of Amarillo.

Judge Pond said state law requires governmental agencies to provide a person with access to their property.

Jack Ziegler met with the court to discuss a cancer

insurance policy for county employees. The court agreed to ask for bids on this type policy June 19 and discuss it further.

D. M. Newton requested the court accept a road through a 15 acre tract of land to be subdivided into one-half acre tracts.

The court told Newton the procedure followed by the court was for the developer to build a road and pave it and the county would accept it in one year if the road met specifications.

The road runs north and south off the Palo Duro Road.

The court approved the hiring of two men for the adult probation office and heard requests for the employment of one in the county clerk's office and two road maintenance but took no action on the requests.

Ferrell Randle, constable, met with the court and pledged his cooperation with the county. The court set Randle's salary at the last meeting at \$1 a year with no office space, vehicle or the other county benefits.

considered the extension of accreditation as something of a reprieve for Neblett Hospital.

"If they dropped us we could expect medicare inspectors to come by," Grimes declared. He said if accreditation were lost the hospital would be in danger of losing medicare patients which amount to something like 20 percent of the hospital's patients and 30 percent of its revenue.

He said he believes the extension was given because the district is planning a new 50-bed hospital.

Tax bonds were voted last year with the district hoping to obtain matching funds from Hill-Burton. When these funds were not forthcoming the board decided to issue \$800,000 worth of revenue bonds to get money for construction of the hospital.

There has been some opposition to this route with talk of circulating a petition to force a vote on the revenue bonds.

The Canyon City Library will open from 10 a.m. to noon June through August as a convenience during the summer months, according to City Manager George Louder.

The library will include morning hours to provide better service during the long day-time hours, Louder added.

County Wheat Harvest Begins

Randall County farmers should be well into dry-land wheat harvest by the end of the week, says Randall County Agent John Brazzil.

Ed Fluegel brought the first load of wheat to Consumers Fuel and Elevator Association Saturday from the R.G. Price Farm.

The yield was about 10 bushels to the acre and the wheat tested 60 pounds and was about 15 per cent moisture.

John Jennings brought the first load to Coop Elevator in Umbarger. It tested 60 and had a 13.3 moisture content.

Brazzil said this time of year was normal for the first load of wheat. The first wheat cut is usually dry-land wheat.

The irrigated wheat harvest should be under-way by June 15 and the dry-land wheat harvested by that time, Brazzil said.

"The dry-land crop will not be large because of dry weather and heavy grazing," he declared.

The county contains about 20,000 acres of irrigated wheat and the yield should be good, he added. The irrigated wheat is expected to yield from 35 to 40 bushels per acre and could go as high as 50 bushels, Brazzil said. Dry-land wheat is expected to yield from 10 to 12 bushels per acre.

Newsman To Be Honored

Editors and veteran newsmen of the newspapers in the Panhandle will be honored June 22 at the opening of "Texas."

The Texas Panhandle Heritage Foundation has invited the newsmen to attend the opening night of the seventh season as special guests.

The foundation is also seeking early copies of newspapers, pictures, early equipment and stories of early newsmen to use in displays at the opening, according to Margaret Harper.

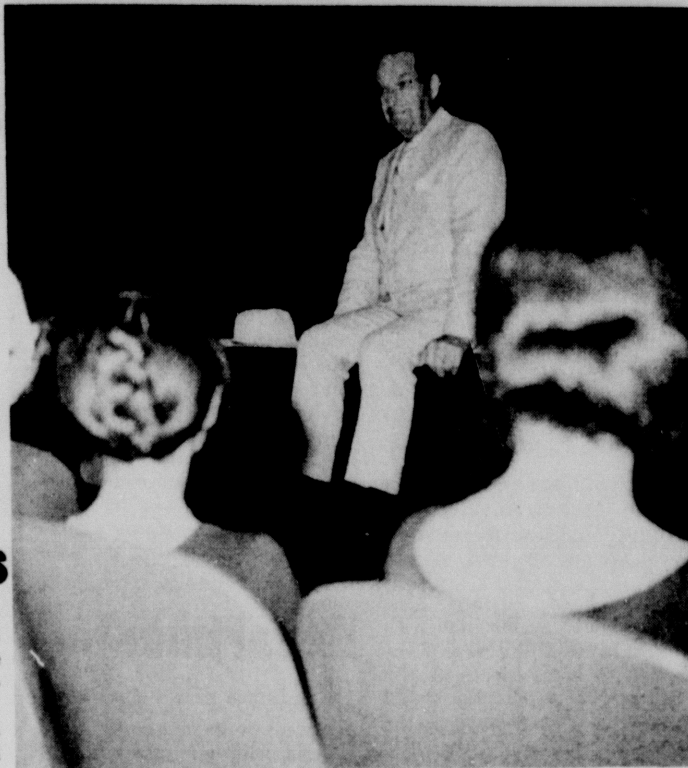

Mrs. Harper said the foundation is currently trying to contact veteran newsmen and invitations have been mailed to editors and publishers in the Panhandle.

The annual barbecue will precede the opening of "Texas" at a cost of \$1.93 for adults and \$1.05 for children.

Travis Dean and Georgia Clinton, both of Amarillo, will play the lead roles of Calvin Armstrong, a young homesteader, and Elsie McLean, a visitor from the east, in the production this season.

Harrell E. Floyd of Canyon will play the part of Uncle Henry, a wealthy rancher, and Jane Lipscomb of Amarillo will play the part of Aunt Anna, Uncle Henry's wife.

Other cast members include Stephen Hilton of Canyon as Tucker Yeldell, Vicki McCormick of Dumas as Kate Lucas, Charles E. Wright of Canyon as Jesse Armstrong, Linda Susan McNeil of Amarillo as Clara Armstrong, Bruce E. Romig of Amarillo as Abel Tatum and Mary Vanderlaan of Amarillo as Rachel Tatum.

Playwright Paul Green is shown here discussing his play "TEXAS" with the cast at the Branding Iron Theatre. "Your children and your children's children will see this play," he told appreciative listeners.

Youngsters Ride In Junior Rodeos — Eastern Star Installs

By MARY NEAL HENRY

HAPPY IS GOING to have a coffee house. The Grand Opening will be this Saturday night about 8 o'clock, that is, if all systems stay "go." It will be at the old 4-H building or going back farther than that, the "Happy Herald" Building on Main Street (by Wallace Motor Co.) It will include seventh grade up through college age kids. It will be adequately sponsored and will be open all weekends during the summer months. Its duration depends on its success.

BAPTIST MEN DID-N'T have a Brotherhood Breakfast this week. Instead they have been invited by and will join the

Methodist men at the Methodist Church next Monday morning to help them welcome their new pastor.

WHILE THEY WERE in Tulsa recently, Modena and George Rahlfs and Jean and Larry Boyles visited the Baptist Church at Jenks, Oklahoma, and Brother Travis LaDuke. The LaDukes are reported to be well and happy at Jenks.

CHARLES AND PATTIE Wrenn and boys are back in their "summer home."

MRS. L.W. RHOADS has been brought home from the hospital after major surgery. She had to have 13 pints of blood. Only one of these has been replaced. Any one wishing to help replace this may do so at Coffee Blood Bank, in Amarillo. I understand that 26 pints would pay for this blood.

MRS. BILL EUBANKS had surgery at the Caprock Osteopathic Hospital in Lubbock, on Tuesday last week. She has been home since Saturday.

AL WALKER, CAMMA Lou Tackitt's Dad, is in High Plains Baptist Hospital. He is reported to have leukemia.

MRS. EVELYN USELDING died Monday morning. Our sympathy to George, Mike, Nicky and Linda and their families and to Burnett Johnson, and Rahlf Huseman. We'll all miss her.

HIGH SCHOOL CHEER leaders Pam Shipman, Karen Murdock, Amy Wallace, Becky McCarley, and Dana Cheek, are working washing windows and doing odd jobs to make money for cheer leading school and uniforms. Call Pam Shipman at 764-2528 to hire any of these girls.

HAPPY JAYCEES' PARTY for the high school students and faculty was a big success! Ping pong, pool and foosball, entertained the forty guests. Happy Jaycees and Jaycee-Ettes attending were Lloyd Rahlfs, Sara and George Tiley, Joy and Norman Freeman, Kay and Vincent Venhaus, Judy Shipman, Della Venhaus, Skip Simons, Dot and Dick Foster, and Eugene Jackson. Chips, dips, brownies and soft drinks provided by the Jaycees and Jaycee-Ettes were served. All Jaycee-Ettes either made brownies or dip for the party.

IN THE 4-H horse project that went to Tulia Arena Tuesday evening were Neal Odom, Kevin Odom, Kyle Odom, Sherry Starkey, Valerie Tipps, Eddie Joe Pearson, Bob Cole and Angelique Henry. Greg and Wayne Pearson, Mr. Starkey, Betty and Floyd Tipps, Joan and Pete Odom and I were also there. Ken Cook gave instruction to about forty Swisher County 4-Hers in showmanship and Western pleasure, and some barrel racing. I told him there was at least one little girl out there that didn't know one thing about what he was going to say. I'm not sure Casey will ever make a show horse (he likes to go to sleep when he isn't busy) but

Angelique learned how its done. **I ENJOYED SEEING** Mrs. Buck Campbell of Bronet at Cobb-Wheeler-Mote Arena. Mr. and Mrs. Buck Campbell used to live in the north edge of Happy and Buck worked for Randall County.

RAPHE SHIPMAN, JAY McCarley, and Dana and Gay Venhaus practiced barrel racing at Happy Tuesday for their Horse Project in 4-H.

THE SUNNYHILL HOME Demonstration Club met last Thursday at Bertie Culps home to install officers. Mary Jane Miller presented an impressive installation with flowers and pinned a different flower on each officer. These officers will serve for the ensuing year: president, Barbara Danner; vice president, Phyllis Bryan; secretary-treasurer, Gwen Tuck; reporter, Sharon McCarley; and council delegate, Judy Shipman. Jo Hand, retiring council delegate, gave her report. She and I both received THDA pins for 100 percent attendance at council during the last year. The club voted to be hostess to the Senior Citizens luncheon in September. Bertie served coffee and do-nuts to Barbara Danner, Judy Shipman, Mary Wilhelm, Mary Jane Miller, Phyllis Bryan, Gwen and Melissa Tuck, Sharon and Shann and Bill McCarley, Jo Hand, Leona Henry and Denise White, Sheri, Angelique and I. The next meeting will be September 7th at Phyllis Bryan's.

AT 10:30 The club went to Nora Taylor's China and Gift Shop for a program on china painting. Nig demonstrated China Painting, explained the "tools of the trade," and showed us her collections of China-both painted and unpainted. Nig's granddaughter, Vickie Todd, was there and this made Angelique very happy. She had a friend to play.

ROHNDIA FELLERS and Karen Hinton attended a Youth Citizenship Seminar in Amarillo recently at the Episcopal Church Center and sponsored by the American Citizenship Center. Among those who spoke were Max Sherman and former FFA and FHA State Presidents. They stayed from Tuesday through Friday, played tennis, and swam.

CONGRATULATIONS TO SHARON Dietz and Steve Cole for having been elected Miss

WILLA ELLIOT, WILLA Jane McManigal and Nell Sims attended a shower for Nicola Johnston in Canyon last Thursday night. Willa and Nell were hostesses. Nicki and Juanita and Mrs. Edmondson looked very pretty wearing their corsages of fresh spring flowers and Nicki received many nice gifts. We got started cleaning out that garage over there (with a scoop) and just simply didn't quit until 9 o'clock. Sorry about that, Juanita. I did think about you. Nicki and Richard were married Monday night at the College chapel. Willa Elliott and June Hancock were among those who were able to attend.

THE BABE RUTH Team coached by Mr. Ramos and Rueben Garcia lost one game to Reeves Insurance Agency but beat Prairie Cattle Company by one run. Boys playing this year are Lonnie Tackitt, Terry McDonald, Johnny Payne, Freddy Briscoe.

JOAN AND PETE Odom, amy and Ray Campbell, and Barbara and Jim Harding ate steaks out recently. Jim Harding happened to be my first cousin. We grew up together. Jim really likes to hunt and he enjoys Pete and Joan.

Henry won first in the break-away calf roping. Bill Pearson won first in the older division calf roping with a time of 18.5 and Steve Cole won second with 18.6. Sherry Starkey, Valerie Tipps, and Kay Sheets also entered from Happy. There have been others who participated on Saturday night. One of the little guys from Oklahoma who work at the Happy Feed lot attempted to ride

a bull and his bull rope broke. When he got up, he said, "The handle broke."

JUDY AND DICKIE Clark, Jonalyn and Weldon Jones and Bob and Kay Berry spent last week-end in Old Mexico-Juarez. I think. Anyway, they made the markets and had lots of fun.

BECKY VIA WAS a contestant in the Queen's Contest which was won by Monica Richardson of Hereford. Becky has also represented Happy's Rodeo Association also this year as their Queen.

WENDY SIMS WON third in the second go-round of ribbon roping with a time of 16.799. He received four points. Pam Shipman ran with the ribbon off the calves tail.

KEN HENRY REPRESENTED Happy in the Bareback Riding. Happy had three alternates who were qualified to enter the TSHSRA, but were unable to attend. These were Bill Pearson in the calf roping, Steve Cole and Mark Hargrave in chute dogging.

HAPPY WAS ONLY in the Tri State Association less than three months. We feel fortunate to have had two to get to participate.

THE TRI STATE High School Rodeo Association was formed December 6, 1970, in Amarillo. The purpose is to give young people of Texas, Oklahoma, and New Mexico an opportunity to participate and enjoy the sport of rodeo.

DUMAS WON THE boys team trophy this year and Hereford won second. Clayton girls won first place team trophy, and Hereford again won second.

All round boy was Buster Record of Dumas with 239 1/2 points. All round girl was Owida Crites of Clayton with 137 1/2 points.

BUD TOWNSMAN OF Canyon announced for the TSHSRA Finals. Bailey Patterson of Spearman won the bareback riding; Kim Gripp of Hereford the ribbon roping; Buster Record, the calf roping; Jan French of Amarillo, the bull riding; Monica Richards of Hereford, barrel racing; Owida Crites, pole bending; and Kenneth Bass of Hereford, chute dogging.

BUSTER RECORD IS the new president of the organization and Roy Hawkins of Spearman, vice president.

ONE GIRLS' SOFTBALL Team, the Battling Blues of Happy coached by Traverne Vermeire and Rhonda Fellers beat Team 3 of Nazareth at Nazareth. (And I'm going to have to get these softball teams straight.) But I'm not playing softball either. The score was all tied 22 to 22 until the last inning and the score ended 23 to 27.

HAPPY LITTLE LEAGUE Braves beat Nazareth Astros 6 to 5 last Friday night at Happy. Vincent Ray Venhaus and Mike Weaver each hit a home run.

HAPPY CHIEFS LOST to the Dodgers of Nazareth at Nazareth by a score of 6 to 5. Wayside Community Church is having Bible School this week from 4 to 6 p.m. They had 27 on Monday, a large number for Wayside.

METHODIST BIBLE SCHOOL is meeting from 8:30 to 11:30 every morning. They have an enrollment of 70.

FIRST BAPTIST ALSO meets in the morning and they had 104 on Monday and 111 on Tuesday. They had a parade down Main Street on Saturday afternoon. They all met at the church. Some rode their bikes and some the church bus. Some even got to ride the Fire Engine. Dub McCarley's donkey and cart were on hand, but I understand

that he balked (It was probably funny to everyone but Dub.) Shann McCarley fell on her bicycle. But it was a good parade down Main Street and back to the park where they ate popcorn.

LOYD RAHLFS, PRESIDENT of Happy Jaycees is just home from the presidents' conference in San Angelo, Texas. Happy Jaycees met Monday night. Angela and Roque Nix from Houston stopped in and said "hello" at Bible School Tuesday morning. It was good to see Angela. She looks really good. And that little girl is beautiful.

TWENTY-FOUR GIRLS and nine adults attended Happy's Rainbow meeting on Monday. Brenda Parker was presented her merit badge and one color bar; Shawn Walters, one color bar; Linda Railsback, one color bar; Sandy Railsback, a wreath, and Karen Sims, a wreath.

THE GIRLS WERE invited to Canyon's Rainbow Installation on Saturday to see Weldon Revel's daughter installed as Worthy Advisor.

JUANITA ROBINSON WAS escorted to the East to present a majority service to Glenda Wilson who will soon be married. Glenda thanked the assembly and encouraged them to give Rainbow their very best efforts.

SNOOKS ROBINSON PRESENTED Rhonda Fellers her gavel (in behalf of the Eastern Star). Rhonda thanked him and promised to use it fairly.

BEVERLY DOUBOIS AND K. Linn Brochardt of Tulia came to the meeting, but unfortunately arrived a little late. We were glad to visit with them any way. Adults present were Ora Mary Sims, Faye Parker, Mrs. Gurley, Nig Taylor, Juanita and Snooks Robinson, Evelyn Dowd, Ervin Wilson and me.

SEE YOU AT Bible School commencement Sunday evening.

See ya!

Mary Neal
